

THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 10.

THE BLAIRMORE ENTERPRISE, THURSDAY, MARCH 11, 1926.

EXAMINATIONS UNDER MINES ACT

Examinations under the Mines Act will be held in Blairmore on Tuesday, May the 11th, for third-class certificates, and for first and second-class certificates on June 9th, 10th and 11th. Examinations for mine surveyors' certificates will take place here on June 11th. Particulars as to qualifications and subjects, together with application forms, may be had by applying to John T. Stirling, chief inspector of mines, Qu'Appelle Building, Edmonton. No application for examination will be considered unless it is received by the chief inspector at least thirty days prior to the date of examination.

CASE AGAINST HILLAS DISMISSED TODAY

The case against W. Hillas, of Coleman, charged with perjury, was dismissed at Macleod today, the jury finding no case. Hillas was defended by Mr. E. V. Robertson, of Calgary, before Judge McCarthy.

Rev. W. F. Burns, of Fernie United church, has received a call to the United church at Duncan, B.C.

"MRS. TEMPLE'S TELEGRAM"

"Mrs. Temple's Telegram" was successfully staged by a local amateur dramatic troupe at Coleman last night before a crowded house. A matinee in the afternoon was also well attended. The play was staged under the auspices of the Coleman B.P.O.E. The various characters were presented as follows:

Jack Temple—Mr. C. J. Devine.

Frank Fuller—Mr. R. F. Barnes.

Capt. Sharpe, D.S.O., M.C.—Mr. W. T. Watt.

John Brown—Mr. D. E. McLean.

Wigson—Mr. A. E. Graham.

Mrs. Temple—Miss Hayson.

Dorothy (Mrs. Temple's sister)—

Miss A. E. Houston.

Mrs. Fuller—Miss E. L. Hayson.

Mrs. Brown—Miss C. K. Allan.

Duncan McDonald, who has been provincial mines inspector for the Drumheller district for several years, has been transferred to a similar position at Canmore, and is succeeded at Drumheller by Mr. Cranston, formerly of Canmore. Mr. McDonald's district embraces Canmore, Tudor, Three Hills, Cabon, Battle River and other territory and covers a vast district to work.

DEATH OF LOUIS DUTIL

People of the entire district were shocked on Monday morning to learn that Mr. Louis Dutil had met a tragic ending.

Mr. Dutil had been in a nervous state of health for several days. At a very early hour on Monday morning he got out of bed, dressed and left the house, and nothing was seen of him further until about 8 a.m., when his local manager, Mr. G. H. Snodd, entered the store and found his lifeless body lying on the floor. A doctor was immediately summoned and upon reaching the scene found life to be extinct. A .32 calibre automatic revolver was found, a few feet from his right hand.

Mr. Dutil was owner and proprietor of two prosperous hardware stores, one at Blairmore, the other at Coleman, and had only a couple of weeks ago made arrangements for opening another branch at Kimberley, B.C. He was a resident of the Crows Nest Pass since about 1900 and during his residence in Blairmore had been connected with various organizations, including the town council, school board and board of trade. Only a few weeks ago he headed the poll for re-election to the school board.

Mr. Dutil engaged as C.P.R. agent at Michel in 1900, moving to Blairmore to take up a similar position two years later. This he held down until about 1909, when he took a position with Mar On in charge of the hardware department. In 1910 or 1911 he decided to go into the hardware and furniture business on his own.

He was a native of the province of Quebec and was born on September the 8th, 1878. About twenty years ago he was united in marriage to Miss Alma Montreuil, also a native of Quebec, and they became the parents of four children, the second in order of birth, Gertrude, having passed away several years ago. Mrs. Dutil, one son, Wilfred, and two daughters, Julia and Helen, survive.

Funeral service was held at the St. Anne's Catholic church and the remains were laid to rest in the Catholic cemetery on Wednesday morning. Fully one thousand attended the last rites, including about four hundred school children and members of Blairmore Lodge, Benevolent and Protective Order of Elks.

Floral tributes were many and included the following:

Mass Cards—Mr. and Mrs. S. J. Laney, Mr. and Mrs. D. C. Drajc, Mr. J. P. O'Neill, Rev. Father Cosman, Mr. and Mrs. Ed. McDonald, Mr. and Mrs. James Smith, Mrs. Bond, Dr. Hynes, Mr. and Mrs. Conway (2), Mr. and Mrs. C. J. Thompson (2), Buster and Jeanette Thibodeau, Mrs. P. Thibodeau, Knights of Columbus (5).

Wreaths—Mr. and Mrs. G. Snodd, Knights of Columbus, Staff and Janitor of the Public School, Students of the High School, Students of the Public School, Mr. and Mrs. J. Rossi, Mr. and Mrs. J. Angus McDonald, Mr. and Mrs. G. A. Passmore, Mr. and Mrs. E. Hinds, Mr. and Mrs. L. L. Morgan, Mr. and Mrs. S. Ennis, Mr. and Mrs. Warner and Flora, Mr. and Mrs. Moroney, Crows Nest Pass Retail Merchants' Association, Mr. and Mrs. J. Baird, Mr. and Mrs. E. A. Harper, Mr. and Mrs. R. W. H. Finkney, Mr. W. Fisher and Edna, Mrs. F. M. Pinkney and Roland, Mr. and Mrs. Raoul Green, Dr. and Mrs. Olivier, Members of the I.O.D.E., Mr. and Mrs. F. McLaren, Mr. and Mrs. S. Trono, Mr. and Mrs. J. Lote, Mr. and Mrs. W. Howe, Mr. and Mrs. John Spence, Blairmore Board of Trade, F. S. Kafoury and family, Mr. and Mrs. G. MacKenzie, Mr. J. F. Guimauve, Mr. and Mrs. A. Robbins, Mr. and Mrs. Chappell, Mr. and Mrs. Harry Burns, Miss

BLAIRMORE MIDGETS ARE PROVINCIAL CHAMPIONS

In a sudden-death game on the local ice on Monday night, the Blairmore Midgets outclassed the Calgary Broncs in a game that went into overtime.

For the first period and a half, Blairmore maintained the lead, but Blairmore came back in fine style and at the end of the third had evened up. Two overtime periods were necessary to decide the championship, Blairmore winning by a seven-to-eight score.

The fans were treated to some real excitement throughout. The game was referred to by W. W. Scott:

This makes two hockey cups falling to Blairmore this season, the Taxis Juveniles having won the juvenile championship last week.

Following were the lineup:

Calgary Broncs—Fisher, goal; Aitken and Clemons, defense; Weidenhamer, Sherriff, Fosse, Cunningham and Eagleston, forwards.

Blairmore Midgets—McKay, goal; Anderson and James Kemp, defense; McDonald, James Joyce, Martini, Veire and Pennan, forwards.

Goal summary—

First period—Blairmore, 1 goal; Joyce from Martini, 2 goals; Calgary, Weidenhamer, half-min; Weidenhamer, 10 min.

Second period—Calgary, Atken from Fosse, 6 goals; Aitken, 8 goals; Fosse, 5 goals.

Third period—Calgary, Fosse from Atken, 9 goals; Blairmore, Kemp, 2 goals; Martini, 3 goals; Martini from Pennan, 4 goals; Anderson 1½ goals.

First overtime period—Blairmore, Kemp, 1 goal; Calgary, Weidenhamer, 1 min.

Second overtime period—Blairmore, Joyce, 3 goals.

Calgary, Alberta, March 4th, 1926.

Dear Mr. Bartlett:

Just a line to let you know I received a copy of your Enterprise of recent date, and note all the good news listed therein, particularly a line which reads: "Blairmore now has a Farmer government." Do you think this true, Mr. Bartlett? I think not. In my opinion this statement should read: "Blairmore now has a Conservative government, with a very able party leader at its head."

This is a great victory for the Conservative party in your riding, to have a leader elected, for mayor of your town, by acclamation, and certainly ought to make Hon Arthur Mcleish very proud of his party. Mr. Gray is sure of a good job now, and Mr. McDonald should get the appointment of judge, with such a strong party in power. Blairmore should be one of the best towns in Alberta, and all the old teachers should get their positions back, with wages in full from the day they were supposed to be discharged.

Wishing you every success, from one who is a farmer.

PRESIDENT OF A.A.H.A. CONGRATULATES MIDGETS

Oktoks, Alberta, March 10, 1926.

Mr. W. H. Chappell,

Blairmore, Alberta.

Please convey to players and officials of the Blairmore Midgets hearty congratulations in winning provincial championship.

Signed, A. B. KING,
President Alberta Amateur
Hockey Association.

Zipka and family, Mr. and Mrs. J. E. Gillis, Blairmore B.P.O.E., Blairmore Board of School Trustees.

The above list may not be complete, as some of the tags may have disappeared.

WATERTON PARK TO HAVE LARGE HOTEL

ELKS EXPLORE PROPERTY

At the regular session of the B.C. Lodge No. 15, Benevolent and Protective Order of Elks, held on Northern Railroad to the effect that Wednesday evening, March 3rd, the about one million dollars will be following resolution was recorded on

spend within the next twelve months:

"WHEREAS the Angel of Death

has called to her eternal reward the

mother of our esteemed brother, Mr.

J. T. O'Neill.

The site, the first foothold they have obtained in the Canadian Rocky Mountains, consists of approximately 100 acres, located at the north end of Waterton Lakes. On this property the railway company and the Glacier Park Hotel Company will this summer erect a hotel and make other improvements which will cost in the neighborhood of one million dollars. The hotel alone will cost approximately \$500,000.

Work is to be started as soon as weather will permit.

In connection with the new hotel a new road is to be built connecting Glacier Park with Waterton Park. The distance between Glacier Park hotel and the new hotel will be about seventy miles and the new road will form part of a circle route.

The new hotel is to be completed for the spring of 1927.

Mr. A. A. Carswell, of the "L.B.K." store, Lundbreck, was in town on Tuesday.

Canmore went down to defeat in the two-game series for the Allan cup championship. The first game, Monday night, resulted in a score of four to two in Vancouver's favor, and last night's game, four-threes for Vancouver, more, making the result: Vancouver seven, Canmore six.

WORLD HAPPENINGS
BRIEFLY TOLD

The Belgian Senate has ratified the debt funding agreement with the United States.

Cardinal Silas, cousin of Cardinal Gaspari, papal secretary of state, is dead.

The Spanish Government has tacitly agreed to support Poland in her claim for a permanent seat on the League of Nations Council.

Lithuania has asked the intervention of the League of Nations against Poland in connection with recent frontier incidents.

King Albert, of Belgium, will preside over the opening session of the International Rotary Clubs at Ostend, in June. Seven thousand Rotarians are expected to attend.

King Faisal has accepted an invitation from King George to visit London. He hopes to make the trip early in June after the opening of the Egyptian Parliament.

Placards have been barred from Madrid bullfights. The Society for the Prevention of Cruelty to Animals obtained this ruling from the mayor, who is a lover of horses.

Commander Franco, who brought fame and glory to his country by his epochal flight from Spain to Argentina, returned to Spain with his flying companions, aboard a warship.

A proposal to regulate Belgium's foreign debts contracted before the armistice, and to pay postarmistice debts on the ratio of the Dawes plan receipts from Germany, was introduced in parliament by Senator Charles Magnette.

The dirigible Norge, with which Raoul Amundsen plans to journey to the North Pole, has carried out a successful eight-hour trial flight over Rome. The blimp, carrying thirty persons, circled over Rome several times.

Dr. Henry Spallinger, who claims to have discovered a method for curing tuberculosis in man and guinea, is recuperating on the Riviera from an illness believed to have been due to breathing tubercle bacilli in his German laboratory, says a dispatch.

The four Australian wheat pools have invited the Canadian wheat pools to send a delegation to Australia in August. J. M. McDonald, of Adelaide, South Australia, says that following the conference at St. Paul, Minn., he decided that the Canadian and Australian wheat pools could work together.

Repudiates Fascist Government

Pope Denies Mussolini's Right to Enact Ecclesiastical Reform Laws
Pope Pius has repudiated the Fascist Government's right to enact ecclesiastical reform legislation. During recent months there have been persistent rumors that an accord between Mussolini and the Vatican was in the making, but the Pope's repudiation, contained in a letter to Cardinal Gaspari, indicates that reports of compromise on the part of the church were without foundation. His holiness also repudiated a proposal for ecclesiastical legislation, which soon to be advanced by the government. The Pope remarks that several religious experts have been invited by the government to participate in drafting the laws.

"The fact that clerical experts have been invited may cause the belief that it is done in agreement with the Holy See," wrote the Pope, "but no agreement exists and these experts have received no mandate from us."

"Regarding legislation which belongs to the sacred power of God," wrote the Pope, "we declare that on such subjects we cannot recognize in others any rights to legislate unless through convenient negotiations and legitimate agreements with us."

"No suitable negotiations nor legitimate agreement can, or will occur so long as the injurious conditions imposed upon the Holy See and Roman pontiff exist."

Unto the End

"By the way," said the lawyer who was drawing up the will, "notice that you've named six bankers to be your pallbearers. Wouldn't you rather choose some friends with whom you are on better terms?"

"No; that's all right," was the quick reply. "Those fellows have carried me so long they might as well finish the job."—Boston Transcript.

Another Game Reserve

Hon. J. E. Perreault, minister of colonization, mines and fisheries, has brought in a measure to provide that the Island of Anticosti in the Gulf of St. Lawrence, shall, on proclamation, become a protected reserve for the acclimatizing, breeding and conserving of all kinds of fish and game.

Was Nephew Of Livingstone

Relative of Famous Explorer Dies in Ninety-First Year
Another link relating the great African explorer, Dr. David Livingstone, to the present century was severed with the death at his residence, 63 Queen's Drive, Weston, Ont., of Neil Mackenzie Livingstone, his eldest nephew.

The late Mr. Livingstone was in his 91st year and was, therefore, in early manhood when the exploits of his famous uncle were on everybody's lips. In 1871, when Stanley was leading his relief expedition into the heart of Africa, deceased was thirty-six years of age, and along with the rest of the world was awaiting eagerly the dispatches announcing progress. Two years later news came of the explorer's death in Africa, although his journals were saved and given to the world.

Has To Abandon Plan

Show Motors Not Feasible For Hauling Supplies For Polar Expedition

The attempt of Alexander M. Smith to haul supplies for the Wilkins' Transpolar expedition to Point Barrow by steam motor has been called off by Captain George H. Wilkins.

Smith, of Fairbanks, Alaska, with 15 tons of gasoline and supplies on ten sledges.

The two snow motors used to haul the sledges have broken down repeatedly and have been able to negotiate only 70 miles in two weeks of the 700-mile trail to Point Barrow in time to be of assistance to the flights. Wilkins said.

The explorer believes the local aviation field can be enlarged sufficiently to permit the large monoplanes of the expedition to take off when fully loaded.

Colony Of Hungarian Nobility

Several Titled Hungarian Families

Take Up Land in Manitoba

As a result of the efforts of the Canadian Colonization Association, Manitoba is developing a colony of Hungarian nobility. In 1925, after the confiscation of their estates in Transylvania, Julius von Plossek of Zsolnay, colonel of the Imperial Hungarian Hussars, and Count Géza Páffy, came out to Western Canada under the auspices of the Canadian Pacific Railway and secured a section of land near Hazelton, Manitoba, to start a dairy farm.

Two additional nobles of the Hungarian nobility joined them shortly afterwards and now Count Béla Szapary, of Budapest, has secured an ad-

joining farm.

A New Oil Industry

Rattlesnake Oil Used in Medicine
Brings Mexican \$100 a Gallon

Rattlesnake oil at \$100 a gallon has brought a new industry to Texas. Cisco long has been known as an oil centre, but this is an entirely new phase of the business. The oil is used in medicine.

This is the time for harvesting the rattlesnake crop, because the rattlers are dormant. A keen eye and a quantity of dynamite are required. Search is made among the hills for a den of rattlers. The den is dynamited, and the snakes are brought out. They are then rendered into oil.

One snake produces only a small quantity, but sometimes several hundred snakes are found in one den.

Would Be Unusual Case

Motorist Alleges Inscription On Boy's Tombstone Is Libelous

Can a tombstone inscription be libelous?

Blanche Bellaver, of Litchfield, Ill., may put the question up to a jury if she decides to bring suit against the relatives of a six-year-old boy who was killed while he ran in front of her automobile.

The inscription on the boy's tombstone reads: "Lester Buttell, killed by Blanche Bellaver, Oct. 1, 1925."

Miss Bellaver is threatening to bring suit on the ground that the epitaph is libelous. A corner's jury exonerated her of all blame for the little boy's death.

Is a Lie Ever Justified?

Yes, when it redeems a state of things worse than itself.

A doctor often has to deceive his patients in order to save their lives.

If I met a man chasing a woman with the intent to kill her, and he asked me the way she had gone, I should feel justified in misdirecting him.

Other instances will suggest themselves, such as a Herod, the murderer of John the Baptist, who would not be held would justify.

Yet these extraordinary cases only show the paramount necessity of telling the truth.—Rev. D. S. Parkes Cadman.

New Lieut.-Governor of B. C.

His Honor Robert Randolph Bruce, whose appointment as Lieutenant-Governor of British Columbia was announced while he was in England. He arrived in Canada on board the Canadian Pacific steamer Montrose, and proceeded at once to his home at Windermere, B.C.

Germany's Industrial Situation

People Recovering From Poverty
Endured Since the War

I have been hearing a good deal about the inside of Germany, and learn that Sir Philip Dawson, M.P., is shortly publishing a work on its industrial situation. No Englishman can better estimate it. At last the middle-class—that is, the professional and medical men and their families—for the first time are beginning a life to recover from the terrible poverty they have endured since the war.

Two-way telephone conversations between officials of the American Telephone and Telegraph Company of New York reported. Amateurs listening to the conversations on 12,000 metre wave lengths both ways.

A new record for amateur radio communication is believed to have been established by a Vancouver amateur, Earl Chang, when Mr. Chang was in communication with a ship lying in Discovery Inlet, Antarctic Ocean, a distance of more than 40,000 miles from Vancouver, for more than fifty minutes.

An pastor of the world's only serial cathedral, which has neither length, breadth or thickness, and is without seat or location or latitude of any kind, Rev. Paul Rader, of Chicago, numbers his congregation by the tons of those saved. Rader heads the National Radio Chapter there and every Sunday he conducts day-long services over station WHT, which is under contract for 10 years for this purpose.

Woman Leaves Three Millions for Animals

English Lady Wills Fortune For Bettering Their Condition

Her love for animals led an English lady, Mrs. S. M. Grove-Kent, of London, to leave practically her whole fortune of over \$3,000,000 for the bettering of the condition of animals.

Her bequest included \$50,000 to the People's Dispensary for Sick Animals.

\$10,000 to the R.S.P.C.A., on condition that the chairman and members of committees shall be anti-vivisectionists and opposed to sports involving the death of deer, fox, hare, rabbit or any bird, fish or any other animal; and shall use every means to abolish such sports.

\$2,000 to the Anti-Vivisection Hospital, Battersea.

After various other bequests, the residue of her property is left on trust for founding a society for opposing sport and protecting animals.

She abhorred hunting and killed sports, and was strong in her denunciation of those who spend hours in harrying a fox or a stag to death. The wanton destruction of game as a means of sport was also among her pet abominations.

The legacy of \$50,000 to the R.S.P.C.A., the governors were compelled to decide on account of conditions attached to the bequest.

Those who knew the deceased, described her as "a charming little old lady, with a mild Victorian atmosphere about her. Her large tortoise was inherited, and came from the woolen trade."

A Charming Mode For the Junior Miss

Adapted to the girl of six to four years of age, this smart cambric frock for general wear reveals such new features as the raglan sleeve cut at the shoulder, and interesting belt at the waistline.

The shoulders in front, and embroidered patch pockets proclaim their usefulness. The circular skirt is in two pieces, and attached to the belt at the waistline. The collar is convertible and may be worn turned back with the long ends cut off, or tied in a knot.

Size 6, \$10; 8, \$12; 10 and 14, \$15; 10 years, \$18; 12, \$20; 14, \$22.

Price 20 cents the copy.

ON THE AIR

What Is Doing in the World of Radio

An opinion from corporation counsel in Chicago holds that operation of radio loud speaker late at night is disorderly conduct.

The radio crystal receiving set, which confines reception mainly to the nearest broadcasting station, still is the predominant type used in the British Isles.

The newest and most powerful radio broadcasting station in Northern Alberta is being erected in King Edward Park, Edmonton, by the International Bible Students' Association.

Major Mitchell, of Windsor, is sponsoring a novel plan for the entertainment of patrons of the principal Windsor parks this summer. He proposes to have installed radio sets with amplifiers. The possibilities are endless and the cost low, the major says.

BAREE, SON OF KAZAN

by James Oliver Curwood

A LOVE EPIC OF THE FAR NORTH

Copyright, 1917, by Doubleday, Page & Co.

BAREE, SON OF KAZAN, A Vitagraph Picture, With Wolfe, the War Dog.

An Adaptation of The Story

CHAPTER XXX.—Continued.

Something greater than mere courage began to take possession of Carvel. A whitewashed humor became a fixed and deeper thought, an unreasoning anticipation that was accompanied by a certain thrill of subdued excitement. By the time they reached the old beaver pond the mystery of the strange adventure had a firm hold on him.

From Beaver-tooth's colony, Baree led him to the creek along which Wakayoo, the black bear, had fished, and thence straight to the Gray Loon.

It was early afternoon of a wonderful day. It was so still that the rippling waters of spring, singing in a thousand rills and streamlets, filled the forest with a droneing music. In the warm sun the crimson taenach glowed like blood. In the open spaces the air was scented with the perfume of blue flowers. In the trees and bushes mated birds were building their nests, and the long sleep of winter. Nature was at rest in all her glory. It was Uneskapeen, the Mating Moon, the Home Building Moon—and Baree was going home. Not to matehood—but to Nepesee. He knew that she was there now, perhaps, at the very edge of the chasm where he had seen her last. They would be playing together again soon, as they had played yesterday, and the day before, and the day before that, and in his joy he barked up into Carvel's face, and urged him to greater speed. Then they came to the clearing, and once more Baree stood like a rock. Carvel saw the charred ruins of the burned cabin, and a moment later the two great, silent, dark shapes that he had kept in mind as his eyes turned slowly to the waiting, listening dog.

A great swelling rose in his throat, and after a moment or two he said softly, and with an effort:

"Baree, I guess you're home."

Baree did not hear. With his head up and his nose tilted to the blue sky he was sniffing the air. What was it that came to him with the perfumes of the forest and the green meadow? Why wasn't he trembled now, as he stood there? What was there in the air? Carvel asked himself, and his questing eyes tried to answer the questions. Nothing. There was death here—death and desolation, that was all. And then, at once there came from Baree a strange cry—an almost human cry, and he was gone like the wind.

Carvel had thrown off his pack. He dropped his rifle beside it now, and followed Baree. He ran swiftly, straight across the open, into the

"Even then it seemed quite the most natural thing in the world that it should be Nepesee, and none other."

He went on to the tepee. The little open space in which they had built their hidden wigwam was flooded with sunshine that came through a break in the forest to the west. The tepee was still there. It did not seem very much changed to Baree. And rising from the ground in front of the tepee was what had come to him faintly, the smoke of a small fire. Over this fire was being cooked a meal, and it did not stir. Baree was amazed, or at all unexpected, that this person should have two great shining braids down her back. He whined, and as he whined, the person grew a little rigid, and turned slowly.

Even then it seemed quite the most natural thing in the world that it should be Nepesee, and none other. He had lost her yesterday. Today he had found her. And in answer to his whine there came a sobbing, cry straight out of the soul of the Willow. Carvel found them there a few minutes later, the dog's head hugged close up against the Willow's breast, and the Willow was crying—crying like a little child, her face hidden from him on Baree's neck. He did not interrupt them, but waited, and as he waited something in the sobbing voice and the stillness of the forest seemed to bring him back to the memory of the Willow's voice, the sound of the burned cabin and the two graves, and the meaning of the call that had come to Baree from out of the south.

CHAPTER XXXI.

That night there was a new camp in the open. It was not a small fire, built with the rear that other eyes might see it, but a fire that sent its flames high into the sky, the sight of which was weird. And as the fire had changed over, from that small smouldering heap over which the Willow had cooked her dinner, so Carvel, the officially dead outlaw, had changed. The beard was gone from his face; he had thrown off his caribou-skin coat; his sleeves were rolled up to the elbows, and there was a wild flush in his face that

was not altogether the tanning of wind and sun and storm, and a glow in his eyes that had not been there for five years, perhaps never before. His eyes were on Nepesee.

"Tomorrow or the next day I am going to Lake Bahn," he said, a hard, silent, bitter, lack of all the silk strands in his voice. "I will not come back until I have—killed him."

The Willow looked straight into the fire. For a time there was a silence broken only by the crackling of the flames, and in that silence Carvel's fingers weaved in and out of the silk strands of the Willow's hair. His thoughts flashed back. What a chance he had missed that day on Bush McTaggart's trap-line—if he had only known! His jaws set hard as he saw in the red-hot heart of the fire the mental pictures of the day when the Factor from Lake Bahn had killed Pierrot. She had told him the whole story. Her flight. Her plunge to what she had thought was certain death in the icy torrent of the chasm. Her drowning, cast from the waters—and how she had struggled, nearly dead, by Thenow, the toothless old Cree whom Pierrot, out of pity, had allowed to follow in his wake, to the bottom of his domain.

He felt within himself the tragedy and the horror of the one terrible hour in which the sun had gone out of the world for the Willow, and in the flames he could see faithful old Tuboo as he called on his last strength to bear Nepesee over the miles that lay between the chasm and his cabin; he caught shifting visions of the day that followed in that cabin, weeks of hunger and of intense cold in which the Willow's life hung by a single thread. And at last, when the snows were deepest, Tuboo had died. Carvel's fingers clenched in the strands of the Willow's braids. A deep breath rose out of his chest, and he said, staring deep into the fire:

"To-morrow I will go to Lake Bahn."

Common Cold Is Dangerous

People in Error Who Consider it Just Simple Malady

Captain Roald Amundsen, discoverer of the South Pole and navigator of the northwest passage, has been ordered to bed "a very sick man" because he refused to take a cold seriously.

How such a sturdy man could have contracted such a malady is in itself a puzzle to the lay mind. We are inclined to picture him as having acquired immunity by long marches into the polar regions, but it is the paradox of the common cold that people accustomed to living out in the great open and free spaces are liable to it the moment they return back to civilization and steam heat.

The tramp who has spent most of his nights sleeping under a herb-wreath is likely to catch a cold if some one gives him the price and he spends it on a good warm bed.

When well and strong and feeling fine we seldom think about doctors, and if we do it is generally with the comforting thought that medical science has conquered almost everything but cancer.

But let us catch a common cold and fail to shake it off in a day, and we set to thinking of the thousands or years in which the millions of medical men have failed to find a speedy cure for so simple a malady.

To which the profession replies that it's not a simple and may prove a very serious malady if not taken in time. And that the best advice is to take the best advice. It is not what the doctor does not know, but what the patient thinks he knows himself that is the danger in a common cold. A man with a cold is a sick man and may become sicker if he neglects it.

Admiral Togo Excepted

Aged Japanese May Carry Cane When Visiting Imperial Court

Admiral Count Togo, commander of the Japanese fleet which destroyed the Russian squadrons in the Battle of the Sea of Japan in May, 1905, now 75, was granted by His Imperial Majesty special permission to carry a cane when visiting the Imperial Court.

The carrying of sticks of any sort in the presence of the nation's rulers is forbidden by court etiquette, but exception in the case of the aged sea hero was made by formal ruling of the minister of the Imperial household.

Lethbridge Northern Irrigation District

Crop Survey for 1925 Shows a Remarkable Improvement

Preliminary estimates gathered in the crop survey of the Lethbridge Northern Irrigation District for 1925 show remarkable improvement, as compared with 1924, the first year of the operation of the project with the water on the land. The survey shows that the per acre value of solid products irrigated land was \$27.45; as compared with \$16.19 in the year 1924. There were under crop in the district 36,963 acres of irrigated land, as against 21,000 in 1924. The gross return from the 21,000 acres was \$354,078, while the gross returns in 1925 were \$1,013,063.

Internally and Externally It Is Good

—The crowning property of Dr. Thomas' Electric Oil is that it can be used internally for many complaints and externally for many skin diseases. It has qualities that are unequalled. A bottle of it costs little and is no loss in always having it at hand.

A mushroom measuring more than a yard in circumference, and still growing, is said to be in the possession of a woman living at Maronne, near Rouen, France.

THE ALBERTA LEGISLATURE

(By John Mackenzie)

With the audience in reply to the throne speech out of the way, the Alberta legislature got down to business this week.

Monday was devoted to the clearing up of the order paper, and several motions that had been standing for some time were disposed of.

Thirty-seven bills have received first or second reading, and several have reached the committee stage.

Many of these are comparatively unimportant, but others are of the first magnitude, especially the bill for the transfer to the province of the public lands, with which is incorporated the agreement with the Dominion government for the turning over to the province of its natural resources.

A new Municipal District Act is on its way through. The most important changes are in respect to closer supervision of secretary-treasurers by the auditors. This is with a view of reducing defalcations, which have been unfortunately prevalent of recent years.

An amendment to the Highways Act, if passed, make it compulsory for motorists to dim their lights when within 200 feet of another vehicle.

The amendments to the Hall Insurance Act will have the effect of dividing the province into zones, with varying rates according to the losses in the past five years.

A resolution calling for the construction of a forty-one-mile extension to the A. & G. W. railway was withdrawn, after the minister of railways had expressed himself decidedly against it on the ground that it was not wanted by the number of settlers in the district, and that part of the district was already served by the C.N.R. The previous government had in 1915 built the grade and laid ten miles of track on the extension asked for, not for the benefit of the province, but to use up the balance of the guarantee on the A. & G. W., amounting to \$30,000 per mile, or \$820,000. The work done would be of very little value, as it would cost over \$700,000 now to complete the line.

A request for the linking up of Peace River with the provincial telephone system was favorably considered, and the line will probably be completed when the new motor highway is built.

A resolution of sympathy to Hon. C. R. Mitchell on the death of his mother was passed by a standing vote.

The legislature unanimously passed a resolution calling upon the Dominion government to put companies applying for charters in the province under the control of the provincial Utilities Board. Similar legislation had been asked for by Manitoba and Saskatchewan, and was very necessary in view of the present oil boom.

Government employees, it was stated, numbered 2120 on February 1st, 1926, as against 2561 on August 13th, 1921. School inspectors now numbered 26, as against 49 in 1921.

The whole of Thursday afternoon was occupied by a full-dress debate on a resolution proposed by J. C. Bowen (Liberal, Edmonton), the purport of which was that the delay in announcing the results of the negotiations with regard to the ultimate ownership and operation of the E. D. & B.C. Railway and the Central Canada Railway was having serious effect on the country served by these lines.

As I view it we will have the injection of the government.

Mr. Kerr and Mrs. Kerr took occasion to call on the members following the procedure to assume the character of a "catchlight."

Honorable Lawton, in presenting the statement of the government, said that the railway problem was the gravest the people of this province had to face. The railways had approximately \$19,000,000 in public money loaned to them, and every year \$1,000,000 had to be provided for interest alone. The province had in the past assumed transportation problems that should have been assumed by the Dominion government, and were suffering for it now. The railways were as present being efficiently operated, the rates were satisfactory and nothing was being lost by delay. By delaying action the government had already saved the province a lot of money, and they believed that when they did ultimately bring the negotiations to a close their position would be fully justified.

Mr. Kerr's inunction that the budget was balanced because certain goods supplied during the past year were not paid for is absolutely indefensible, and he should have made a statement concerning the methods of purchase and payment of supplies by the Provincial Government before that. Under no form of administration could the people of the lines be served better service than at present.

Mr. Kerr strongly backed the action of the government in the cause they took, in a warmly received speech.

The debate which took place at the end of the debate resulted in a 37-9 vote, the Independent member and the Labor members voting with the government.

On the motion of Hon. Mrs. Parlby, seconded by Mrs. McClung, a resolution was passed unanimously, calling upon the Dominion government to enact legislation whereby a woman of British nationality could retain her nationality though she married an alien.

Be The Best of Whatever You Are

If you can't be the pine on the top of the hill

Be a scrub in the valley—but be the best little scrub by the side of a rill;

Be a bush if you can't be a tree.

If you can't be a bush be a bit of the grass;

And some highway some happier make;

If you can't be a muskie then just be a bass.

But the liveliest bass in the lake;

We can't all be captains, we've got to be crew;

There's something for all of us here;

There's big work to do and there's lesser to do.

And the task we must do is the near;

If you can't be a highway then just be a trail;

If you can't be the sun be a star;

It isn't by size that you win or you fall—

Be the best of whatever you are!

—Douglas Mallock.

FERNIE FIRM AWARDED ROAD GRADING CONTRACT

Tenders for the grading of a new trunk highway from Coleman to Crows' Nest Lake were considered by the Department of Public Works on Tuesday, and we understand the contract has been let to James Broley, of Fernie.

The contract calls for the building of about six miles of road, with approximately 37,000 cubic yards of excavation, 6000 cubic yards of gravel surfacing and other work.

Several bids were entered, including M. Satoris and E. J. Pozzi, of Blairmore.

Wootton says: A bow-legged girl may be healthy, but she's always in bad shape.

COMMUNICATION

Edition on Alberta,
March 9th, 1926.

The Ed. by Blairmore Enterprise,
Blairmore, Alberta.

Dear Sir:

Your issue of the 5th instant contains a communication from one John Kerr, of Pasbarg, and as I am personally acquainted with him I deem it safe to copy, thereby:

In the first, quoting from parts of the same, it is stated that in August last in determining the adequacy of the Greenfield Government I said, in effect, that the budget could not be balanced unless the whole civil service was done away with. I did not in any way defend the Greenfield Government, unless a criticism of both the Conservatives and Liberals administration in both the Federal and Provincial Governments can be so construed. The statements attributed to me were not used in Medicine Hat.

Mr. Kerr's inunction that the budget was balanced because certain goods supplied during the past year were not paid for is absolutely indefensible, and he should have made a statement concerning the methods of purchase and payment of supplies by the Provincial Government before that. All supplies are paid for in the year in which such supplies are purchased.

Mr. Kerr further infers that in letting contracts for road work the Department does not let the contract to the lowest bidder. I have before me a writing copies of all tenders for road work on Main Highways in my constituency, and can unequivocally state that in every case the lowest tenderer was awarded the contract. Mr. Kerr also complains that wages were unpaid. I may give him information that every contractor awarded a contract on Main Highways makes a sworn statement to the effect that all wages are paid before the contractor receives his or their final settlement. In addition bonds are furnished by the contractor and such bonds are not released until wages are paid in full.

I am advised by Mr. Kerr that this is a splendid opportunity for me to find out to what extent the patronage system is used in awarding contracts. Let me inform him that I keep myself fully posted regarding every matter pertaining to my constituents, and as above stated, all constituents were awarded to the lowest tenderer, which I believe disposes of any insinuation in regard to patronage.

In conclusion let me say that I am fully aware of the existing differences between Mr. Kerr and the Department of Public Works, but I do not think that any petty personal grievance should lead anyone to make such malicious, deliberate inaccuracies as those contained in Mr. Kerr's communication.

Yours very truly,
P. M. CHRISTOPHERS.

PLAN BIG CELEBRATION

Extensive plans are being made for the celebration to be held at Camrose, Alberta, by the Norse Society of Canada on July 3, 4, and 5 next.

Dr. Nordby, of Camrose, is the

president of the Norse Society of

Canada, which is making arrange-

ments for the affair.

Many visitors from the United

States and other parts of Canada are

expected to attend.

FILE INCOME TAX RETURNS WITH INSPECTOR

Advice from Ottawa state that

changes in the regulations in regard

to the income tax provide for the

filling of returns with the inspectors

of taxation for the district in which

the taxpayer resides.

Last year, returns were made to the

nearest collector of customs and ex-

change, but this practice is now dis-

continued, and the change constitutes a

return to the practice which previ-

ously prevailed prior to 1925.

Bad luck to their bally old budget.

Bad luck to their low scurvy trick.

Bad luck to those men,

For they'll go in again,

And I'm vary, downhearted and sick.

—G. L. LEE,

Midnapore Local.

SCRIBING HOCKEY

The New York Sun says on its editorial page as follows:

"Hockey, the outstanding game of the present winter season in New York, is a combination of football, ice, soccer, pin-ball, tug-war and is it not

the eleven-year-old son? The little

boy, who was killed through an accident while playing with boy chums,

Mr. and Mrs. Harry Harvey, of Bellevue, desire through The Enterprise to thank all kind friends for various expressions of sympathy extended to them in their recent bereavement over the loss of their eleven-year-old son. The little boy, who was killed through an accident while playing with boy chums,

Sgt. Duncan, of the local A.P.P. detachment, accompanied Inspector Davis to Lethbridge on Sunday and left that point Monday night for England for the purpose of escorting Mr. Frank Wright, former town secretary, back to Canada. Sgt. Edgar, of Lethbridge, is relieving Sgt. Duncan here.

In the low-price field where is the car that equals it?

Before buying a car—open or closed—in the low-priced field, ask yourself these questions:

1. Is it as comfortable and smart in appearance as the New Chevrolet?
2. Does it boast of such advanced features as dry disc clutch, genuine Duco finish, vacuum gasoline system with tank in rear?
3. Has it an overhead valve engine?
4. Has it a genuine Fisher Body?
5. Can it duplicate Chevrolet's speed, hill-climbing ability and all-round dependability?

Because no other car at or near Chevrolet price can answer all these questions and because Chevrolet delivers a greater measure of quality and value for your dollars than any other low-priced car—this is the car for you.

Recent advices from London, England, are to the effect that during the first nine months of 1925, 26,817 British immigrants proceeded to Canada. This compares with 17,706 who went to Australia, 7,743 who went to New Zealand and 14,668 who went to the United States.

New financing by Canadian provinces, municipalities and corporations during the month of November show an increase of eight millions over the previous month, the November bond sales being \$19,215,200. This compares with sales of \$11,815,000 in October and with \$28,812,875 in November, 1924.

E. D. Cotterell, Transportation Superintendent of the Canadian Pacific Railway, has issued a statement making effective the resumption of the acceptance of grain for the port of Vancouver under the permit system as handled previously. No tough or damp grain can be shipped on this permit.

As a tribute to over forty-six years of service with the Canadian Pacific Railway, George Rollin, who retired on New Year's Day under pension arrangements after holding the position of yard agent at the Place Viger Station since May, 1900, was presented with a purse of gold. The presentation was made at a dinner at the Windsor Station restaurant.

Mr. John Leslie has been appointed vice-president and controller of the Canadian Pacific Railway. Mr. Leslie, a native of Scotland, joined the Toronto, Grey and Bruce Railway in 1877 as a junior clerk attached to the auditor's office. When the road was taken over by the C.P.R. he was made chief clerk and by 1914 had advanced to the position of controller. Since March, 1918, he has been in entire charge of the company's accounting departments.

Dunsheller's assessor for this year will receive a fee of \$500.

Here and There

Ike Mills, driving Brewster's famous Russian wolf hounds, won the Strongheart Trophy in the 96-mile Dog Derby race at the 1925 Winter Carnival and soon after left to enter the American Dog Derby races which were held at Ashton, Idaho.

Five thousand settlers are in sight for Canada this year under the Land Settlement scheme, according to Major John Barlett, Chairman of the Soldier Settlement Board at Winnipeg. "The majority will come from Great Britain and will be prepared to take root in Canadian soil," Major Barlett said.

Word has been received at Canadian Pacific headquarters of the death of James McGowen, Superintendent Engineer of British Columbia coast services. Mr. McGowen was born in 1863 and entered the service of the Canadian Pacific steamships in 1891 as fourth engineer. He brought over the Canadian Pacific steamer "Princess Marguerite" from Glasgow to Vancouver last year.

An indication that big fish are migrating from the Pacific to Florida and Mexico to New Zealand is forecast in a special cable received recently. Zane Grey, the famous American writer, who is in New Zealand at present, caught the world's record swordfish recently. The monster weighs six hundred and eighty pounds and is large in proportion.

Stricken sick suddenly, Mrs. Charles Burns, wife of the president of the Carling Brewing and Malting Company, London, Ont., telephoned to Mrs. Leon, her sister-in-law, wife of the vice-president of the company, who was in Montreal with her husband. Mr. and Mrs. Leon left Montreal in a special Canadian Pacific train which made the run to Toronto in six hours and forty-three minutes, just in time to make the connection with the regular train which leaves Toronto at 6:45 a.m.

Tom, Dick, Jerry and Harry, four boys, fighters from the fighting county of Yorkshire, England, arrived in Montreal recently on their way to W. W. Graves, United States Supreme Court justice at Jefferson City, Mo. They are not going to the judge to be sentenced for infractions of the peace, but simply because His Honor, being from and in Missouri, wants to be shown whether it is true, as alleged, that the best Indian game cocks can only be got from Yorkshire.

Dogs, pigeons, canaries, rabbits, pedigree fowl, wild birds, gold fish, butterflies, insects, beetles, butterflies, beetles known as guinea pigs, and parrots were among the livestock imported from Europe and the British Isles to this country and the United States by the foreign department of the Dominion Express Company during 1925, according to the yearly statement recently issued by the company. In the statement was included a total of about 1,000 racing pigeons.

Under the auspices of the St. Jean Baptiste Society, Montreal branch, a special train has been chartered from the Canadian Pacific Railway to carry a party of some five hundred members of the society to Chicago to take part in the Eucharistic Congress to be held in that city in June. During congress week will be celebrated St. Jean Baptiste Day, on June 23, under the auspices of the Patriotic Association of French-Canadians of Illinois, which will conclude with a banquet at which 1,000 guests will be present.

Although in many respects man is like other animals, in this respect he is different from all—he lies standing up.

An American paper asserts that one way of fighting the rubber monopoly that nobody seems to have thought of is to do a little less riding.

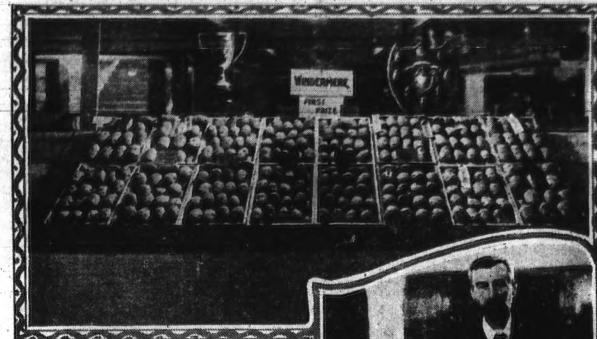

GUARDING EDWARD

The personal bodyguard of the Prince of Wales has been doubled and now consists of six picked men.

The authorities give no reasons for insuring such complete protection for the Prince, whose new guard is stronger and more imposing than that of any other member of the royal family.

The men are under instructions to remain close to the Prince at all times when he is in public.

Windermere Prize Spuds Are Famous

Windermere District: Prize Winners of Farmers Institutes Advisory Board's Cup and the Murray Shield in 1925 at Victoria, B.C.

For over forty years the Windermere district of British Columbia has been famous for the quality of the potatoes produced there. Back in 1884 the late Francis Patrick Armstrong of Sorel, Quebec, one of the younger sons of the explorer Alexander Mackenzie, went out into the mountains with the construction of the Canadian Pacific Railway, was busy raising potatoes on his land on the eastern shore of the Columbia Lake. It is this potato which he had brought from the tobacco plains of Montana.

Near the centre of the Windermere district, Columbia Lake forms one of the main sources of the Columbia River. On the lake the Indians used to display their famous spuds and in boats made from whipsaw lumber took them to the construction camps of the Canadian Pacific Railway. His wife, Mrs. Armstrong, still known that her ranch lost the name "Plains of the Nativity" given it in 1846 by the Reverend Father Pierre de Smet, and became known as the Armstrong Ranch.

Later Armstrong took up steamer navigation and others took his place as growers of the potato, among them the Kinsol Indians, who, in turn, produced, one of the early big producers. He sold his crop at the mine.

Interest in the growth of potatoes in the Windermere district never waned but the growers in the district did not really wake up to the possibilities of widely commercializing their fine potatoes until the first important potato show was held in 1922. After winning many prizes, more care was taken in the growth of the plants and the study of varieties until it was realized that the nested gems, Cambridge Russet and W. W. McGregor were the varieties best suited for the district.

The Windermere District Potato Growers Association kept the boards at such success that show with the result that on the 15th anniversary occasions, including the 1925 show, they won the Farmers Institutes Advisory Board's Cup, given as an annual trophy to the district within the province making the

Arthur G. Walker, Ajax Ranch, Invermere, winner of the County Life Shield for 1925, for 15 pounds of certified seed potatoes with which he won the award.

best display of eight lots of seed potatoes of not less than thirty-two in each lot, each lot being the product of a different grower.

Interest again in 1924 the Murray Shield given by County Life of B.C. for the best exhibit of certified seed was carried back amid rejoicing to Invermere. Prizes have also been won at different years in the International Potato Show and Spud Display.

At New Westminster, B.C. in 1925 Arthur G. Walker, of Ajax Ranch, Invermere, scored 99.2 points as his contribution to the display in which the Windermere district won 97.8 points.

At the 1925 show in Victoria, the members of the Farmers Institutes Advisory Board's Cup, the show's first prizes and twenty-three other awards.

OUR SPRING POET

Down on the farm 'bout half past four,

I slips on my pants and sneaks out
the door;

Out in the yard I run like the dickens,

To milk ten cows and feed the chick-
ens,

Clean out the barn, carry Nancy and
Jiggs,

Separate the cream and slop the pigs;

Work two hours, then eat like a
Turk—

And, by heck, I'm ready for a full
day's work.

1 grease up the wagon and put on
the tack,

Throw a jug of water in the old
grain sack,

Hitch up the horses, hustle down the
lane—

Must soon get the hay for it looks
like rain.

Look over yonder, sure as I'm born,
Cattle on the rampage, cows in the
corn,

Start across the meadow, run a mile
or two,

Heavin' like I'm windbroke; wet
clean through.

Nancy gets a straddle of the barbed
wire fence.

Joints all a-cracking, muscles in a
jerk—

As fit as a fiddle for a full day's
work.

Work all summer till the winter is
nigh,

Figure up the books and heave a
great big sigh.

Worked all year and didn't make a
thing,

Got less cash than I had last spring.
Some people tell you there ain't no
hell,

But they never tried to farm, so they
can't tell.

When spring rolls around, I'll take
another chance,

While the fringe grows longer on my
one pair of pants;

Give my spenders a hitch and belt
another jerk—

And, by heck, I'm ready for a full
year's work.

CURLING PHILOSOPHY

Inside the clubroom at the rink
Are benches in a row.

Where fellows sit to watch the games
While wreaths of smoke...hey boy!

And if you really want to learn

The fine points of the play
Don't shout your rocks but stay in line

And listen to what they say.

So light your pipe and take a seat
Where it is warm and nice.

When better games are always curling

Than out upon the ice.

Soon you'll hear "Ho's narrow sure,
He's coming down too hard.

No! No! Don't sweep. Just let it go!

He's going to get the guard!"

"Say watch that guy, the twists he
makes

In his delivery—

He'll tie himself into a knot.

If he should draw the tee,

He's wide—he's slow—oh, let it hog!

He never got the broom!

There's no excuse to miss that shot,

He sure had lots of room."

"Now what's he playing that shot for
What can he be about?

He ought to make a running shot

And take that rock right out.

He'll never get it with that ice—

Well! Look at what he struck!

He got it after all, but then

He had a lotta luck."

But when these men are called to
play—

These curlers skilled and wise,
They make the very same mistakes

As those they criticize.

They find it takes but little skill
To dissipate advice,

And play a scientific game

When they are off the ice.

So as we pass along life's way,

And as we hear men talk,

We're always skilful when we throw

The other fellow's rock.

This disposition is not strange,

Through life it's much the same,

We're always wisest when we skip

The other fellow's game.

Even the man who has a will of
his own never objects to being men-
tioned in somebody else's.

"I've Never Advertised in Twenty Years"

"Yes, I'll admit times are a bit slow
with me, but I'm hoping for the turn of
the tide."

Waiting for their ships to come in
has spelled disaster for all too many
Canadian merchants. Don't think along
the lines of the man above. Ad-
vertise!

Advertising in "The Enterprise" will
keep your name and store constantly
before the people in this town. Adver-
tising is a wonderful business-building
force—and profitable to use. Talk it
over with us.

THE ALBERTA LEGISLATURE

(By John Mackenzie)

With the address in reply to the throne speech out of the way, the Alberta legislature got down to business this week.

Monday was devoted to the clearing up of the order paper, and several motions that had been standing for some time were disposed of.

Thirty-seven bills have received first or second reading, and several have reached the committee stage.

Many of these are comparatively unimportant, but others are of the first magnitude, especially the bill for the transfer to the province of the public lands, with which is incorporated the agreement with the Dominion government for the turning over to the province of its natural resources.

A new Municipal District Act is on its way through. The most important changes are in respect to closer supervision of secretary-treasurers by the auditors. This is with a view of reducing defalcation, which have been unfortunately prevalent of recent years.

An amendment to the Highways Act, if passed, make it compulsory for motorists to dim their lights when with 200 feet of another vehicle.

The amendments to the Hail Insurance Act will have the effect of dividing the province into zones, with varying rates according to the losses in the past five years.

A resolution calling for the construction of a forty-one-mile extension to the A. & G. W. railway was withdrawn after the minister of railways had expressed himself decidedly against it on the ground that it was not warranted by the number of settlers in the district, and that part of the district was already served by the C.N.R. The previous government had in 1915 built the grade and laid ten miles of track on the extension asked for, not for the benefit of the province, but to use the balance of the guarantees on the A. & G. W., amounting to \$20,000 per mile, or \$200,000. The work done would be of very little value, as it would cost over \$700,000 now to complete the line.

A request for the linking up of Peace River with the provincial telephone system was favorably considered, and the line will probably be completed when the new motor highway is built.

A resolution of sympathy to Hon. C. R. Mitchell on the death of his mother was passed by a standing vote.

The legislature unanimously passed a resolution calling upon the Dominion government to put companies applying for charters in the province under the control of the provincial Utilities Board. Similar legislation had been asked for by Manitoba and Saskatchewan, and was very necessary in view of the present oil boom.

Government employees, it was stated, numbered 2120 on February 1st, 1926, as against 2561 on August 18th, 1921. School inspectors now numbered 26, as against 40 in 1921.

The whole of Thursday afternoon was occupied by a full-dress debate on a resolution proposed by J. C. Bowen (Liberal, Edmonton), the purport of which was that the delay in announcing the results of the negotiations with regard to the ultimate ownership and operation of the E. D. & B.C. Railway and the Central Canada Railway was having serious effect on the country served by these lines.

and viewing w^t "arm the nation" of the government.

times urged on the abusive, and Mrs. McLean took occasion to chide the members for allowing the proceedings to assume the character of a "cathedral".

Blairmore B. S. W. in presenting the statement of the government said that the railway problem was the gravest the people of the province had to face. The railways had approximately \$10,000,000 worth of money invested in them, and every year \$1,000,000 had to be provided for interest alone. The money had in the past assumed transportation problems that should have been assumed by the Dominion government, and were suffering for it now. The railways were as present being efficiently operated, the rates were satisfied, and nothing was being lost.

Delay. By delaying action the Provincial Government had already saved the province a lot of money, and they believed that when they did ultimately bring the negotiations to a close their would be fully justified. The Opposition course in attempting to force the government's hand was not in the best interests of the province.

A statement had been promised before the end of the session, and the opposition should have been satisfied by the Provincial Government before what. Under no form of administration could the people of the lines be paid for in the year served a better service than at which such supplies are purchased present.

Mr. Kerr further states that in less time Greenfield strongly backed the action of the government payment does not let the contract to the course they took, in a warmly the lowest bidder. I have before me received speech.

The division which took place at road work on Main Highways in my end of the debate resulted in a 37-37 vote, the Independent member and the Labor members voting with the government.

On the motion of Hon. Mrs. Parlby, seconded by Mrs. McCullough, a resolution was passed unanimously, calling upon the Dominion government to enact legislation whereby a woman of British nationality could retain her nationality though she married an alien.

Be The Best of Whatever You Are

If you can't be the pine on the top of the hill

Be a scrub in the valley—but be the best little scrub by the side of a rill.

Be a bush if you can't be a tree.

If you can't be a bush be a bit of the grass,

And some highway some happier make;

If you can't be a muskie then just be a bass—

But the liveliest bass in the lake.

We can't all be captains, we've got to be crew,

There's something for all of us here;

There's big work to do and there's lesser to do,

And the task we must do is the near,

If you can't be a highway then just be a trail,

If you can't be the sun be a star;

It isn't by size that you win or you fail—

Be the best of whatever you are!

—Douglas Mallock.

FERNIE FIRM AWARDED

ROAD GRADING CONTRACT

Tenders for the grading of a new trunk highway from Coleman to Crows' Nest Lake were considered by the Department of Public Works on Tuesday, and we understand the contract has been let to James Broley, of Fernie.

The contract calls for the building of about six miles of road, with approximately 37,000 cubic yards of excavation, 6000 cubic yards of gravel surfacing and other work.

Several bids were entered, including M. Sartori and E. J. Pozzi, of Blairmore.

Wootton says: A bow-legged girl may be healthy, but she's always in bad shape.

COMMUNICATION

Edmonton, Alberta,
March 9th, 1926.

The Editor, Blairmore Enterprise,
Blairmore, Alberta.

Dear Sir:

Your issue of the 4th instant contains a communication from one John Kerr, of Passavant, and as I am personally acquainted with him I deem it safe to copy the same.

The railway had approximately \$10,000,000 worth of money invested in them, and every year \$1,000,000 had to be provided for interest alone.

The money had in the past assumed transportation problems that should have been assumed by the Dominion government, and were suffering for it now.

The railways were as present being efficiently operated, the rates were satisfied, and nothing was being lost.

Delay. By delaying action the Provincial Government had already saved the

government a lot of money, and they believed that when they did ultimately bring the negotiations to a close their would be fully justified.

Mr. Kerr's intimation that the budget was balanced because certain goods supplied during the past year were not paid for is absolutely indefensible, and he should have made a statement to that effect.

In the low-price field where is the car that equals it?

Before buying a car—open or closed—in the low-priced field, ask yourself these questions:

1. Is it as comfortable and smart in appearance as the New Chevrolet?
2. Does it boast of such advanced features as dry disc clutch, genuine Dual Finish, vacuum gasoline system, etc.?
3. Has it an overhead-valve engine?
4. Has it a genuine Fisher Body?
5. Can it duplicate Chevrolet's speed, hill-climbing ability and all-round dependability?

Because no other car at or near Chevrolet price can answer all these questions and because Chevrolet delivers a greater measure of quality and value for your dollars than any other low-priced car—this is the car for you.

Recent advices from London, England, are to the effect that during the first nine months of 1925, 26,817 British emigrants proceeded to Canada. This compares with 17,106 who went to Australia, 7,743 who went to New Zealand and 14,468 who went to the United States.

New financials by Canadian press, principally from commercial sources during the month of November, show an increase of eight million over the previous month, the November bond sales being \$19,215,200. This compares with sales of \$11,815,900 in October and with \$28,816,875 in November, 1924.

E. D. Cotterell, Transportation Superintendent of the Canadian Pacific Railway, has issued a statement making effective the resumption of the acceptance of grain for the port of Vancouver under the permit system as handled previously. No tough or damp grain can be shipped on this permit.

As a tribute to over forty-six years of service with the Canadian Pacific Railway, George Rollin, who retired on New Year's Day under pension arrangements after holding the position of yard agent at the Place Viger Station since May, 1900, was presented with a purse of gold. The presentation was made at a dinner at the Windsor Station restaurant.

Mr. John Leslie has been appointed vice-president and comptroller of the Canadian Pacific Railway. The new vice-president joined the Toronto, Gray and Bruce Railway in 1877 as a junior clerk attached to the auditor's office. When the road was taken over by the C.P.R. he was made chief clerk and by 1914 had advanced to the position of comptroller. Since March, 1918, he has been in entire charge of the company's accounting departments.

Dunhuller's assessor for this year will receive a fee of \$500.

"I've Never Advertised in Twenty Years"

"Yes, I'll admit times are a bit slow with me, but I'm hoping for the turn of the tide."

Waiting for their ships to come in has spelled disaster for all too many Canadian merchants. Don't think along the lines of the man above. Advertise!

Advertising in "The Enterprise" will keep your name and store constantly before the people in this town. Advertising is a wonderful business-building force—and profitable to use. Talk it over with us.

PROGRESSIVE MERCHANTS ADVERTISE

Here and There

Ike Mills, driving Brewster's famous Russian hounds, won the Strongheart Trophy in the 66-mile Dog Derby race at the Banff Winter Carnival and soon after left to enter the American Dog Derby races which were held at Ashton, Idaho.

Five thousand settlers are in sight for Canada this year under the Land Settlement scheme, according to Major John Barnett, Chairman of the Soldier Settlement Board at Winnipeg. "The majority will come from Great Britain and will be prepared to take root in Canadian soil," Major Barnett said.

Word has been received at Canadian Pacific headquarters of the death of James McGowen, Superintendent Engineer of British Columbia coast services. Mr. McGowen was born in 1883 and entered the service of the Canadian Pacific steamships in 1891 as fourth engineer. He brought over the Canadian Pacific steamer "Princess Marguerite" from Glasgow to Vancouver last year.

An indication that big fish are migrating from the waters around Florida and Mexico to New Zealand is forecast in a special cable received recently. Zane Grey, the famous American writer, who is in New Zealand at present, caught the world's record swordfish recently. The monster weighs six hundred and eighty-five pounds and is large in proportion.

Stricken sick suddenly, Mrs. Charles Burns, wife of the president of the Carling Brewing and Malting Company, London, Ont., telephoned to Mrs. Leon, her sister-in-law, wife of the vice-president of the company, who was in Montreal with her husband. Mr. and Mrs. Leon left Montreal in a special Canadian Pacific train, which made the run to Toronto in less than forty-three minutes, just in time to make a connection with the regular train which leaves Toronto for London at 8:45 a.m.

Tom, Dick, Jerry and Harry, four young fighters from the fighting county of Yorkshire, England, arrived in Montreal recently on their way to W. W. Graves, United States Supreme Court Justice at Jefferson City, Mo. They are not going to the judge to be sentenced for infractions of the peace, but simply because His Honor, being from and a Minnesotan, wants to be shown whether it is true as alleged, that the best Indian game cocks can only be got from Yorkshire.

Dogs, pigeons, canaries, rabbits, pigeons, fowl, wild birds, gold fish, turtles, ducks, monkeys, cavy, betta known as guinea pig, and parrots were among the livestock carried from Europe and the British Isles to this country and the United States by the foreign department of the Dominion Express Company during 1925, according to the yearly statement recently issued by the company. In the statement was included a total of about 1,000 racing pigeons.

Under the auspices of the St. Jean Baptiste Society, Montreal, a special train has been chartered from the Canadian Pacific Railway to carry a party of some five hundred members of the society to Chicago to take part in the Eucharistic Congress to be held in that city in June. During congress week will be celebrated St. Jean Baptiste Day, on June 23, under the auspices of the Patriotic Association of French-Canadians of Illinois, which will conclude with a banquet at which 1,500 guests will be present.

Although in many respects man is like other animals, in this respect he is different from all—he stands upright.

An American paper asserts that one way of fighting the rubber monopoly that nobody seems to have thought of is to do a little less joy-riding.

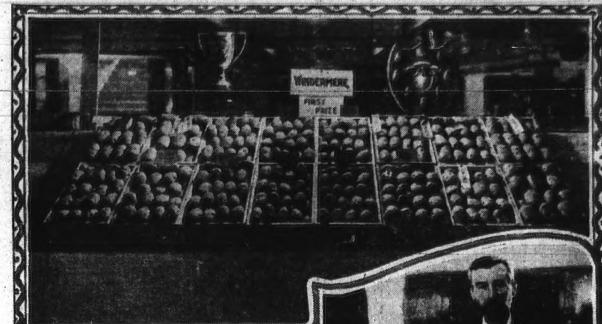

GUARDING EDWARD

The personal bodyguard of the Prince of Wales has been doubled and now consists of six picked men.

The authorities give no reasons for issuing such complete protection for the Prince, whose new guard is stronger and more imposing than that of any other member of the royal family.

The men are under instructions to remain close to the Prince at all times when he is in public.

Windermere Prize Spuds Are Famous

Windermere District Potato Winners of Farmers Institutes Advisory Board's Cup and the Murray Shield in 1925 at Victoria, B.C.

For over forty years the Windermere district of British Columbia has been famous for the quality of the potatoes produced there. Back in 1884 the late Francis Alfred Armstrong of Sorel, Quebec, one of the younger sons of Captain John Armstrong, a lumberman and settler out into the mountains with the construction of the Canadian Pacific Railway, was busy raising potatoes on his farm on the eastern shore of the Columbia Lake. He did this for the market which he had brought from the tobacco plains of Montana.

Near the centre of the Windermere district, Columbia Lake, formed one of the main sources of the Columbia River. On his isolated ranch Armstrong raised his famous spuds and in boats made from whitebark lumber took them to the construction camp of the Canadian Pacific Railway, situated fifty miles down the Columbia river. His whitest spuds were well known and his ranch lost the name "Plains of the Nativity," given it in 1845 by the Reverend Father John Smet, and became known as the Armstrong Ranch.

Later Armstrong took up steamer navigation and others took his place as growers of the potato, among them the late Arthur F. Walker, now Lieutenant Governor of the province of British Columbia, was another of the early big producers. He sold his crop in the mine.

There was a display of eight lots of seed potatoes in the Windermere district never waned but the growers in the district did not really waken up to the possibilities of widely commercializing their fine product, and the important potato-growing industry was held in Grand Forks, B.C. in 1922. After winning many prizes, more care was taken in the growth of the plant and the study of varieties until it was found that the noted green Cambridge Bush and Wye Merton spuds were the varieties best suited for the district.

The Windermere District Potato Growers Association swept the awards at the 1925 potato show in two occasions, including the 1925 show, they were the Farmers Institutes Advisory Board's Cup, given as an annual trophy to the district within the province, making the

Arthur G. Walker, Ajax Ranch, Invermere, winner of the County Show Shield in 1925 for the best exhibit of certified seed potatoes with which he won the award.

best display of eight lots of seed potatoes of not less than thirty-four in each lot, each lot being the product of a different grower.

In 1925 again in 1924 the Murray Shield given by Country Life, of B.C., for the best exhibit of certified seed was carried back amid rejoicing to Invermere. Prizes have also been won at different years in the Invermere potato show.

At New Westminster, B.C. in 1925 Arthur J. Walker, of Ajax Ranch, Invermere, scored 99.2 points as his contribution to the district in which the Invermere district potato show was held. In addition to winning the Farmers Institutes Advisory Board's Cup at the show, the members of the Windermere association won seven first prizes and twenty-three other awards.

OUR SPRING POET

Down on the farm 'bout half past four,

I'll go on my pants and sneak out the door;

Out in the yard I run like the dickens, To milk ten cows and feed the chickens,

Clean out the barn, carry Nancy and Jiggs,

Separate the cream and slop the pigs;

Work two hours, then eat like a Turk—

And, by heck, I'm ready for a full day's work.

I'll sweep up the wagon and put on the rack,

Throw a jug of water in the old grain sack,

Hitch up the horses, hustle down the lane—

Must soon get the hay for it looks like rain.

Look over yonder, sure as I'm born, Cattle's on the rampage, cows in the corn,

Start across the meadow, run a mile or two,

Heav'n like I'm windbroke; wet clean through.

Get back to the horses, then for recompense,

Nancy gets a straddle of the barbed wire fence.

Joint all a-cracking, muscles in a jerk—

I'm as fit as a fiddle for a full day's work.

Work all summer till the winter is nigh,

Figure up the books and heave a great big sigh;

Worked all year and didn't make a thing.

Got less cash than I had last spring. Some people tell you there ain't no hell,

But they never tried to farm, so they can't tell.

When spring rolls around, I'll take another chance,

While the frogs grow longer on my one pair of pants;

Give my 'pender a hilt and another jerk—

And, by heck, I'm ready for a full year's work.

CURLING PHILOSOPHY

Inside the clubroom at the rink Are benches in a row.

Where fellows sit to watch the game.

While wreaths of smoke they biff.

And if you really want to learn

The fine points of the play

Don't shoot your rocks but stay inside

And listen to what they say.

So light your pipe and take a seat.

Where it's warm and nice.

Where better games are alway's curling.

Than out upon the ice.

Soon you'll hear "Ho's narrow sure,

He's coming down too hard.

No! No! Don't sweep. Just hit it go!

He's going to get the guard!"

"Say watch that guy, the twits he makes

In his deliveries—

He'll turn himself into a knot.

If he should draw the tee,

He's w'de—he's slow—oh, let it go!

He never got the known!

There's no excuse to miss that shot.

He sure had lots of room."

"Now what's he playing that shot for

What can he be about?

He ought to make a running shot

And take that rock right out.

He'll never get it with that ice—

Well! Look at what he struck!

He got it after all, then

He had a lotta luck!"

But when these men are called to play—

These curlers skilled and wise,

They make the very same mistakes

As those they criticize.

They find it takes but little skill

To dispense advice.

And play a scientific game

When they are off the ice.

So as we pass along life's way,

And as we hear men talk,

We're always skilful when we throw

The other fellow's rock.

This disposition is not strange,

Through life it's much the same;

We're always wisest when we skip

The other fellow's game.

Even the man who has a will of his own never objects to being mentioned in somebody else's.

Addressing the members of the Canadian Lumbermen's Association at their eighth annual convention banquet at Montreal recently, E. W. Beatty, K.C., President of the Canadian Pacific Railway, stated that the 1925 income tax would collect from \$42,000,000 to \$48,000,000. Mr. Beatty declared that a reduction of 25 per cent. or \$11,000,000 might be brought about if the government were cut. The Canadian Pacific Railway had reduced its expenses by over double that amount in one year, and the railway company was not as large as the Dominion of Canada.

The men are under instructions to remain close to the Prince at all times when he is in public.

N. J. Jeutte.

ROCKY MOUNTAIN BRANCH
CANADIAN MINING INSTITUTE

A meeting of the Rocky Mountain Branch of the Canadian Institute of Mining and Metallurgy was held at the Greenhill hotel on Friday last, the following being present: David Davidson, W. E. G. Hull, J. A. McLeod, Herman McLeod, W. Jewitt, E. Clarke, J. C. Cox, H. Jones, Coleman, Raoul Green, L. P. Hobart, M. D. Coughlin, Moses Johnson, J. R. Smith, W. H. Chappell, H. Carmichael, A. Hrytynshyn, W. Baumal, Blairmore; N. McDonald, C. Ennison, M. Flard, H. Blake, T. Bradley, J. J. McIngvie, F. Utley, H. Millett, Bellevue; H. L. Thorne, E. S. Edwards, W. Morton, Calgary.

The meeting opened at 7 p.m., with Mr. Johnson as chairman.

Following the transaction of general business, the chairman announced that a telegram had just been received from Montreal, that Mr. Lewis Stockett had been elected president of the Canadian Institute of Mining and Metallurgy for the year 1926-27. Dr. John A. Allan was a candidate for this position.

Mr. Stockett has been a member of the Institute for twenty-one years and is well fitted for the position to which he has been elected.

A telegram of congratulations was ordered forwarded to Mr. Stockett at Montreal.

It was also announced that Mr. Randolph Bruce, of Invermere, B.C., a member of the Institute since 1898, had been appointed as Lieutenant-governor of British Columbia. Mr. Bruce is a member of one of the branches in British Columbia, but the members of Rocky Mountain Branch will remember Mr. Bruce attending the annual western meeting in Blairmore in October, 1924, and his many witty and timely remarks as chairman of the smoker and concert at that meeting.

An expression of good wishes and congratulations were contained in a motion made at this meeting and ordered to be forwarded by the secretary to Lieutenant-Governor Bruce.

Mr. B. L. Thorne, secretary of the Rocky Mountain Branch, brought with him some sixty slides, which had been provided by Dr. Dowling of the Department of Interior, Ottawa. These were flashed on the screen, showing the carboniferous forest from which coal was formed. Two slides of the cross-section of lignite, indicating the woody structure of same and the resin in the structure; Coal fields of the world; Coal reserves of the world; Coal areas of North America; Topography of the great plains; Diagram of rocks of the plains, showing the foldings and denudations; Diagram of strata, showing the Belly River, Benton and Dakota formations, into which persons interested in oil and gas are now penetrating. Also other slides, consisting of a small mine known as the gopher hole, also the largest and most up-to-date mines in Alberta and Eastern British Columbia; picking bolts, box-car loaders, lamp houses, assemblies of lamps (electric and flame), fans, hoists, retarding conveyors, locomotives, boilers, miners changing shifts, miners entering the cages preparatory to being lowered underground, coal cleaning plants, compressors, etc., underground views of coal cutters, loading coal, boring holes, horses hauling coal, etc., were shown.

Following the slides, a well prepared paper on "Electrical Improvements around the Bellevue Plant, 1921-1925, and the use of different kinds of motors," was read by the author, Mr. Millett, electrician at the Bellevue mine. This paper will be printed in the bulletin and discussed at some future meeting.

A hearty vote of thanks was accorded Mr. Millett for the preparation and reading of this paper.

The next meeting is expected to be held in Fernie, B.C., when all the members will have the opportunity of visiting the mines at Coal Creek.

It is a more profitable proposition to like what you do than do what you like.

BLAIRMORE "COAL DIGGERS'"
LOSE SERIES TO CANMORE

The fastest, most exciting and hectic game ever witnessed in the Crows' Nest Pass was that staged by Canmore, "Miners" against the Blairmore "Coal Diggers" at the local arena on Friday night last. From the start to the finish, Blairmore decidedly had the best of it, as is well told by the score, 7 to 2. And Blairmore played an offensive game, too.

About a thousand fans were present and all enjoyed the game, even though the local squad failed to elect themselves to enter the Allsat cup interprovincial playoffs.

Canmore returned home Friday night with a train, delighted over their win or the provincial honors, but humbled through Blairmore's comeback. They proceeded Sunday to Vancouver, where on Monday night they lost the first of a two-game series by the score of four to two. The second game at the coast was played last night.

The lineup here on Friday night was as follows:

Canmore—Blairmore—

P. Jackson—Goal

Kendall—Defence

D. Mackie—Forward

A. Mackie—Babour

O. Evans—Hanson

Gustason—Fudner

Jarva—MacKay

J. Mackie—Vejprava

Goal Summary

First period—Blairmore, Wheatley from Hanson, 2 min.; Canmore, Kendall, 3 min.; Blairmore, Anderson, 1 min. Mackay.

Second period—Blairmore, MacKay unassisted, 8 mins.; Canmore, Jarva from Kendall, 4 mins.; Blairmore, Anderson, 1 min.; Blairmore, Hanson, unassisted, 6 mins.

Third period—Blairmore, Anderson from scrimmage, 17 min.; Blairmore, Wheatley, unassisted, 1 min.

Penalties

First period—Wheatley and Kendall, 1 min.

Second period—Anderson, 2 mins.

Third period—A. Mackie, 2 mins.; J. Mackie and Wheatley, 1 min.

NEW TOUR ARRANGED BY C.N.R.

One of the most comprehensive personally conducted tours ever operated from western Canada will be the first overseas tour of the Canadian National Railways, which leaves Montreal on July 9th.

This new tour, which takes in England, Scotland, Holland, Belgium, Switzerland and France, is so arranged that passenger officials of the C.N.R. are looking for many applications from Canadian teachers who will want to be included in the party. Space has been reserved on the S.S. "Athens" going over and on the "Aurania," which sails on August 13th from Liverpool, for the return trip.

The most important and interesting points in each of the countries mentioned have been included in the itinerary and receptions and other entertainment is being arranged especially for the Canadian National party, when it reaches a number of these places.

BUTTERFLIES AND
CROCUSES ARE OUT

Mr. James Muir brought a well developed white butterfly into The Journal office on Monday of this week which he had caught the previous day in his garden on the corner of 6th Street and Central Avenue.

With crocuses in full bloom along the banks of the Old Man river and butterflies taking the air on the 28th of February, it would indicate that our extraordinary mild winter is budding into a remarkably early spring.

—Coleman Journal

BUNNING'S METEORIC RISE

A STORY FULL OF
HEART-INTEREST

From immigrant boy and homesteader to premier of Saskatchewan at the age of 38 years in the record of Hon. Charles A. Bunning, who after three years as head of the provincial government of Saskatchewan, has resigned to enter the federal administration as minister of railways and canals. Mr. Bunning was premier in 1922 and is known as the Empire's youngest premier.

Coming as an immigrant to Canada in 1902, Mr. Bunning, then 17 years of age, went to Yorkton to live and worked in the fields for the farmers of the district. Later he took up a homestead.

A natural-born leader and orator, Mr. Bunning identified himself with the grain grower's movement. He experienced many of the early hardships of the grain grower. Many interesting stories of their early struggles for recognition are told.

At the age of 24 he was appointed a delegate for the Yorkton local to attend a convention in Prince Albert, and took along with him the sole wealth of the treasury, \$17.50, to pay his railway fare and keep him in the city for a week. At the end of the week he returned with money in his pocket, and had slept for five nights in the cellar of one of the Prince Albert hotels.

Mr. Bunning was for many years identified with the Saskatchewan Cooperative Grain Growers Association and the Saskatchewan Co-operative Elevator Company, of which he was a general manager from 1911 to 1916. In the latter year he joined the Liberal administration of Hon. W. Martin, as provincial treasurer, and six years later succeeded upon the retirement of Mr. Martin, to the premiership.

Mr. Bunning is of English birth, having been born at Crift, Leicestershire, England.

TRURO PRINCIPAL

BANS BARE KNEES

Bare, or merely stocking, women's knees are a thing of the past in the provincial normal college at Truro, Nova Scotia, as the result of an edict promulgated by Dr. David Soloan, principal of the institution, in the course of a recent lecture to young women students on the subject of modern dress. Henceforth, he told the students, their skirts must fall below the knee to within not more than three-fourths of the distance from the ankle to the knees.

The new rule, which was announced in the presence of Miss MacDonald, a member of the faculty, after the male students had been dismissed for the week, came like the proverbial "bolt from the blue," and was received in mute consternation. The young women were told that Miss MacDonald would be entrusted with the responsibility of seeing that the rule is observed, and that in any case where the length of dress appears to be questionable, Miss MacDonald will apply a tape-line to settle the question.

Some of the future teachers attempt to extract some fun out of the situation by picturing themselves as old-fashioned "school-marms," with their long hair twisted into "top-knots," their necks wrapped about with high collars, their noses ridden by old-time "spocs," and their skirts reaching the floor.

GOOD REVENUE FROM
UNIVERSAL PHONE SERVICE

Although it cost the provincial government an investment of only \$1800 to establish connection with the universal telephone service, giving continental wide phone connection, by means of a copper circuit from Lethbridge to the international border, the government telephone department has had a revenue of \$400 a month from the service almost since its inception. The outgoing calls average \$30 a month.

A LITTLE PROBLEM

Hillcrest Mines, Alberta, March 5th, 1926.
Editor Enterprise.

Dear Sir: To settle an argument, will you be kind enough to answer the following little problem through the columns of your valuable paper.

An hotelman buys beer at \$12 per 16 gallon keg (as ordinarily filled). He is allowed 1 keg for every 10 bought to make up for shortage in filling.

If he retails the beer at 10 cents per glass of 16 ounces (as ordinarily filled), what is his average profit on a 16 gallon keg?

Thank you in anticipation, I am, Yours truly,

STEPHEN DAVIES.

[We leave this to any of our readers to answer.]

COWLEY HAPPENINGS

Mrs. P. McEwen left on Tuesday's local for Lethbridge, where she attended the conference of District 4 as the delegate from Cowley Women's Institute.

Professor Ottewell, of Alberta University, department of extension, gave a lantern lecture here on Monday night. Owing to so much sickness, this lecture was poorly attended.

A Scotch evening was held here on Tuesday night, under the auspices of the Ladies' Aid. Rev. Mr. Garden and Mr. McMurdo, of Pincher Creek, were the chief entertainers for the evening.

A special meeting of the Women's Institute was held at the home of Miss M. A. Murphy on Saturday night. This meeting was called for the purpose of electing a delegate to go to the conference of District 4, which was to be held in Lethbridge on March 10th and 11th. Other business was also discussed. Final plans were made for the dance.

A whist drive and dance was held on Wednesday night in Tuxton's hall, under the auspices of the Women's Institute, for the purpose of raising money to make a donation to the Crows' Nest Pass Sunday School Musical Festival. A large crowd turned out and a very enjoyable evening was spent. There were twenty-three tables at play. The prize winners were as follows: Ladies' first, Mrs. Colin Buchanan; second, Miss Doris McEwen; gents' first, H. D. McMillan; second, Bert Connolly. The consolation prizes were awarded to Mrs. James Leigh and Mr. Frank Bennett. Fifty-one dollars and twenty-five was taken at the door. After expenses were paid, there was a balance of thirty-nine dollars, which was duly forwarded to the festival fund.

Some of the future teachers attempt to extract some fun out of the situation by picturing themselves as old-fashioned "school-marms," with their long hair twisted into "top-knots," their necks wrapped about with high collars, their noses ridden by old-time "spocs," and their skirts reaching the floor.

PROGRESSIVES TO CO-OPERATE WITH THE GOVERNMENT

Ottawa.—"Coalition or fusion" of the Liberal and Progressive parties "is not contemplated." This declaration is made in a signed statement issued by Robert P. Parks, Progressive leader, and H. E. Spencer, chief Progressive group in the House of Commons, and its relation to the King Government.

The intention of the Progressive party is "to co-operate openly" with the government on a "legislative" basis, it is stated, for which, "in order to be effective, consultation is essential."

The statement reads as follows:

"To prevent any misunderstanding and speculation by the press, it has been thought advisable to issue a statement regarding the position of the Progressive group and its relation to the government."

"After the general election held on October 29, it transpired that parliament contained a number of groups, none of which had a majority over all. This is a situation unique in the history of Canada, and presented obvious difficulties regarding a new method for their solution. If the best interests of the country are to be served and parliament allowed to function,

"That this can be best accomplished by co-operation between the various groups in parliament or by co-operation between some of the groups is apparent, and steps were taken to establish a basis for co-operation."

"It is accepted by the co-operating groups that the basis must be legislative, and that in order to be effective, consultation is essential. It is therefore the intention of the Progressive group to co-operate openly with the government on this basis."

"Coalition or fusion of the groups participating is not contemplated."

Robert Parks.

Henry E. Spencer."

Noxious Weed Problems

Subject: Draft With By Hon. C. M. Hamilton at Meeting of Saskatchewan Rural Municipalities Association

Regina.—The problem of noxious weeds was cited as one of the greatest troubles that rural municipal councils have to face today by Hon. C. M. Hamilton, minister of agriculture and former minister of municipal affairs, welcoming the delegates at the annual convention of the Saskatchewan Association of Rural Municipalities.

While much money had been spent on the effort to eradicate bad weeds, Mr. Hamilton said he felt that the expenditure was worth while. He referred to the "soot thistle" as the worst enemy and declared that unless it was fought continuously it would become a serious menace.

For Corporal Punishment

Advocates Spanking Machine to Put Fear into Minds of Evil Doers

Winnipeg.—R. B. Graham, K.C., crown prosecutor, continued his advocacy of corporal punishment as a deterrent to crime, in an address before the Rotary Club here.

Physical pain, uniformly inflicted and without the desire for revenge, he held to be the only real deterrent to crime. He termed jail sentences a failure and flogging revolting. He advocated the infliction of pain without sentiment and with absolute uniformity by a means of a device similar to a "spanking machine."

He repeated a previous assertion that jails have ceased to operate as places of punishment and have developed into "warm winter quarters for the lazy and school of crime."

Entertained Distinguished Guest

Victoria.—Victoria entertained one of the most distinguished guests to visit the city in many years when Viscount Althay, famous British military commander, who won Palestine from the Turks during the world war, arrived from Australia aboard the *Aorangi*, accompanied by Viscounts Allenby, Lord Allenby, will tour Canada under the auspices of the National Council of Education.

Plan for Forest Fire Protection

Sydney, Australia.—With a view to preventing a possible recurrence of fatal and destructive bush fires, the New South Wales forestry commission has arranged a conference of forestry representatives to consider measures for protection of the Australian forests against fire.

Latest reports show that there are 27,469 women in the federal civil service in Washington.

W. N. U. 1619

Last Week in The Alberta Legislature

Minister of Agriculture Deals With the Farming Situation of the Province

Edmonton.—The debate on the address in the Alberta Legislature concluded after a two weeks' session. No amendment was offered by the opposition.

The concluding speaker was Hon. Geo. Headley, minister of agriculture who dealt with the agricultural and health situation throughout the province. The total value of all agricultural produce in 1925 was \$255,000,000. The wheat yield averaged 18 bushels a acre, the second largest in the province.

All field crops totalled in value \$14,000,000, and forage crops \$16,000,000.

Dairying did not make the same progress as in former years. But increased prices kept the value up, the total realized being \$23,000,000. Poultry production totalled \$3,000,000, egg production being \$5,000,000.

Beeskeeping was becoming quite an industry in Southern Alberta, 115,000 bees being produced last year.

Fisher corn had made a remarkable development. Alberta had last year shipped 15,000 horses and 200,000 cattle to the world's markets.

The report of the health department showed that much progress had been made in combating disease, particularly by the use of anti-toxins, and by travelling clinics and public health nurses. Municipal hospitals were now serving approximately 140,000 of the province's population.

227 mothers received allowances under the Mothers' Allowance Act last year, the total expended being \$284,077.09. Amendments would be introduced this year, the effect of which would be to help mothers where the husband was totally incapacitated, and where there were young children.

The government have already introduced thirty-two bills, a number of which have already received second reading.

Most of them are not important, but several deal with matters which will affect the province materially in the future.

A bill for the transfer of the province of its public funds has been introduced in the house. This includes the agreement entered into with the Dominion for the turning over of the natural resources of the province to provincial control. The present subsidy will be continued for three years in lieu of an accounting. The house is practically unanimous with regard to this, and the whole matter is dependent on action which may be taken by the Dominion House. However, it is understood that the bill is agreed to in principle by all parties at Ottawa.

Claims Prohibition Law Was Violated

Publishing Washington Beer Recipe A Crime Says Texas Member

Washington.—Action against the editor of The Washington Post for publication of George Washington's beer recipe was demanded by President Coolidge by Representative Blanton, Democrat, Texas. Publication of the recipe, the Texas representative charged on the floor of the house, constituted a violation of the prohibition law.

Prohibition officials were frankly puzzled over the printing of the recipe, but it was announced at the department of justice that no official cognizance of it had been taken.

Fast Mail Service For Victoria

Victoria.—Starting on April 6, Victoria residents will be able to send letters and parcels to New York in approximately 50 hours. It was announced at the Victoria post office.

Arrangements have been made whereby it is possible for British Columbia residents to take advantage of the fast United States trans-continental air mail service.

Thieves Take Priceless Articles

New York.—Thieves who entered the Barton, Price and Wilson, Inc. art shop in the Fifth Avenue district, broke several jars made in the fifth century, said to have been "priceless," and escaped with three tapestries valued at approximately \$40,000.

Fu Epidemic in Russia

Moscow.—An epidemic of influenza is sweeping Russia, there being 27,000 registered cases in Moscow alone. All unemployed physicians and nurses have been summoned to the hospitals to relieve the overworked staffs.

Germany Extends Credit To Russia

Berlin.—Representatives of German industry, with the support of the Federal Government, have concluded an agreement by which credits up to \$75,000,000 will be extended to Russia for the purchase of German goods.

Appeals To Privy Council

King of Swaziland Protests Against Losing Mountain Strongholds

London.—The King of Swaziland, Sobhuza II, was represented by counsel as an appellant before the privy council recently.

A striking figure in court was the King's attorney-general, whose negro features contrasted strongly with his very new forensic hue. He is quite young; is a graduate of Oxford University, an LL.D., of London University and a member of the English Bar. Although he took no part in the actual argument but left the argument to two eminent lawyers, King's counsel, he has been responsible for building up the whole case for King Sobhuza's appeal.

The chief of the defense was Mr. Cook, chief of the mining, metallurgical and chemical branch of the Dominion Bureau of Statistics at Ottawa, during an address at the opening session of the annual meeting of the Canadian Institute of Mining and Metallurgy here.

Reviewing developments of the year, Mr. Cook pointed out that the production of minerals reached a value of \$22,134,237, an advance of \$15,624,831 over the total of 1924 and toward the record valuation of \$227,859,611 attained in 1920.

Upwards of 64,000 persons find employment in Canada's mining industry, wages and salaries totalled approximately \$38,000,000 annually. Investment in Canadian mines amounts to approximately \$652,440,000.

Dr. J. A. Allan, professor of geology, University of Alberta, and Lewis Stockett, Calgary, were nominated for the presidency of the Canadian Institute of Mining and Metallurgy at the first day's session of the twenty-eighth annual general meeting of that body, which opened here.

The meeting was opened by registration, an address of welcome by Mayor Duquette, and the presidential address of T. J. Brown, deputy minister of mines and public works, Nova Scotia.

827 mothers received allowances under the Mothers' Allowance Act last year, the total expended being \$284,077.09. Amendments would be introduced this year, the effect of which would be to help mothers where the husband was totally incapacitated, and where there were young children.

The government have already introduced thirty-two bills, a number of which have already received second reading.

Most of them are not important, but several deal with matters which will affect the province materially in the future.

A bill for the transfer of the province of its public funds has been introduced in the house. This includes the agreement entered into with the Dominion for the turning over of the natural resources of the province to provincial control. The present subsidy will be continued for three years in lieu of an accounting.

On the question of the grading of wheat, Mayor Blatchford said the present system was as best as the world and the advice from British buyers was recognized as the best in the world and the advice from British buyers was to stay with it.

"Naturally," interrupted Mayor Blatchford, "the British buyer gets the advantage of the 'protein content.'

"The protein system is not applicable to the export business," continued Mr. Robinson.

"There are in the neighborhood of 175 grades at the Winnipeg elevators today that vary in protein content. If we had to separate and show the protein content that would just add to the number of grades. Immature wheat frequently grades very high in protein. I have seen samples where the wheat contained more protein than other grades.

To grade on the protein system you would have to have the same conditions as exists at Minneapolis."

James Robinson, of the grain board, stated that the reason why Minneapolis paid big prices for wheat with the protein system was because the general level of protein content in United States grain was low. The Canadian system of grading was recognized as the best in the world and the advice from British buyers was to stay with it.

"Naturally," interrupted Mayor Blatchford, "the British buyer gets the advantage of the 'protein content.'

"The protein system is not applicable to the export business," continued Mr. Robinson.

"There are in the neighborhood of 175 grades at the Winnipeg elevators today that vary in protein content. If we had to separate and show the protein content that would just add to the number of grades. Immature wheat frequently

grades very high in protein. I have seen samples where the wheat contained more protein than other grades.

To grade on the protein system you would have to have the same conditions as exists at Minneapolis."

Russia Liberates Prisoners

Moscow.—The central executive committee has issued a decree liberating all prisoners in the Far Eastern provinces formerly making up the Far Eastern Republic who are serving terms of a year or less. Sentence of more than a year will be commuted to life imprisonment.

This action was taken to make available all possible labor so as to strengthen the Russian Far East economically.

Will Secure Basis of Union for Farm Bodies

Saskatoon.—A long step forward in the amalgamation negotiations between the Saskatchewan Grain Growers' Association and the Farmers' Union of Canada was taken at a conference in the board of trade room here.

It was decided that Manitoba and Alberta members of the U. F. C. shall be members of the United Farmers of Western Canada, Saskatchewan section, until such time as provincial sections are formed in these provinces, when such sections shall have complete autonomy.

Another resolution, passed unanimously, expressed the earnest desire of the amalgamation committee to work out a basis of union which shall command itself to the good judgment of the great majority of members of the two organizations.

Attending the conference were C. H. Burnell, president of the Manitoba wheat pool, who acted as chairman;

J. H. Stoneman, president of the Farmers' Union; W. M. Thrasher, secretary of the Farmers' Union; C. B. Bissett, C. C. H. Burns, A. Bayard, George F. Edwards, president of the S.G.G.A.; C. C. Stollery, Mrs. A. W. Sibbey, Mrs. A. L. Hollis, Mrs. McNaughton and G. H. Barr, solicitor for the S.G.G.A. and J. Harvey Hearn, solicitor for the Farmers' Union.

Dominions May Be Represented

London.—The question of the possibility of the dominions being represented in the House of Lords when the latter is reformed was raised in the House of Lords by Baron Strathcona, who suggested that the Imperial conference in October should provide an opportunity to ascertain the opinions of the premiers of the dominions on this point.

Will Not Reduce Navy

London.—W. C. Bridgeman, first lord of the admiralty, stated in the commons that the personal of the Royal Navy will not be reduced this year, but will be maintained at the same numerical status as in 1925.

GREAT PROGRESS IS SHOWN IN THE MINING INDUSTRY

One New Membership For League Council

Report: Goya Germany Alone Will Be Honored For the Present

London.—The latest developments surrounding the council of the League of Nations seem to indicate that Germany alone will be elected to a permanent seat on the league council and that the question of the claims of Poland, Spain and Brazil for similar honors will be left to the meeting of the assembly in September.

Sir Austin Chamberlain, the British foreign secretary, is said to have receded from his reported stand in favor of other new permanent memberships than Germany. He would favor, however, giving Spain a seat at the coming session, but this seems out of the question, as it is not believed Germany would agree to such a suggestion.

The correspondent of The Daily Express in Berlin says he learns that Germany has been assured she alone will be admitted to the league council and that other claims must be left for later consideration—perhaps at the September meeting.

Germany Hears About War-Time Conditions

Secrets of Military Navy Revealed in Relating to War

Berlin.—Further negotiations, with regard to the naval hunger strikes and the mutinous mood prevailing in the German navy in 1917 have just been concluded by Herr Dittmann, the Socialist deputy, in a long speech delivered before the special committee appointed by the Reichstag to inquire into the causes of Germany's collapse in the war.

Herr Dittmann states that the chief ground of the men's discontent during the so-called "mangel-wurzel winter" of 1916-17 and in the following summer was the bad quality of the food supplied to the crews, and their indignation at the vastly superior rations supplied to their officers.

An incident that occurred on board the battleship *Thuringen* shows the attitude of the fleet when the food did not deteriorate. The officers, who were mostly young men, were suddenly drenched with water from a hose which was turned on them by an unknown hand, and, despite the closest investigation, the culprits remained undiscovered.

The picture of military Germany which has been revealed by Herr Dittmann has come as a shock to many Germans who had been kept in ignorance of the seamy side of Germany's methods during the war. "There is increasing competition between various parts of the British Empire for British capital, British immigration and British interest," said Mr. Marlin. "Capital is undoubtedly conservative and for years to come it will prefer countries which are definitely on a gold basis."

WOULD SECURE BASIS OF UNION FOR FARM BODIES

Saskatoon.—A long step forward in the amalgamation negotiations between the Saskatchewan Grain Growers' Association and the Farmers' Union of Canada was taken at a conference in the board of trade room here.

It was decided that Manitoba and Alberta members of the U. F. C. shall be members of the United Farmers of Western Canada, Saskatchewan section, until such time as provincial sections are formed in these provinces, when such sections shall have complete autonomy.

Another resolution, passed unanimously, expressed the earnest desire of the amalgamation committee to work out a basis of union which shall command itself to the good judgment of the great majority of members of the two organizations.

Attending the conference were C. H. Burnell, president of the Manitoba wheat pool, who acted as chairman;

J. H. Stoneman, president of the Farmers' Union; W. M. Thrasher, secretary of the Farmers' Union; C. B. Bissett, C. C. H. Burns, A. Bayard, George F. Edwards, president of the S.G.G.A.; C. C. Stollery, Mrs. A. W. Sibbey, Mrs. A. L. Hollis, Mrs. McNaughton and G. H. Barr, solicitor for the S.G.G.A. and J. Harvey Hearn, solicitor for the Farmers' Union.

Dominions May Be Represented

London.—The question of the possibility of the dominions being represented in the House of Lords when the latter is reformed was raised in the House of Lords by Baron Strathcona, who suggested that the Imperial conference in October should provide an opportunity to ascertain the opinions of the premiers of the dominions on this point.

Will Not Reduce Navy

London.—W. C. Bridgeman, first lord of the admiralty, stated in the commons that the personal of the Royal Navy will not be reduced this year, but will be maintained at the same numerical status as in 1925.

Executive By Ned

London.—Ethiopian spikes on February 18, have been executed, their appeals for clemency having been denied. They were accused of plotting against the state and operation in conjunction with British and Ethiopian intelligence agencies.

English railways employ nearly 1,800 women as switchmen, crossing-signalmen, porters, palaniers, yardmen and station agents.

BRITAIN WILL STAND SOLIDLY FOR PEACE PACT

London.—Speaking warily and admitting the delicacy of the occasion, Sir Austin Chamberlain, the foreign secretary, told the house that Britain would not oppose a unanimous agreement of the other members of the League of Nations to elect her to a permanent seat on the league council and that the question of the claims of Poland, Spain and Brazil for similar honors will be left to the meeting of the assembly in September.

Sir Austin Chamberlain, the British foreign secretary, is said to have receded from his reported stand in favor of other new permanent memberships than Germany. He would favor, however, giving Spain a seat at the coming session, but this seems out of the question, as it is not believed Germany would agree to such a suggestion.

The correspondent of The Daily Express in Berlin says he learns that Germany has been assured she alone will be admitted to the league council and that other claims must be left for later consideration—perhaps at the September meeting.

They must be parties, he declared, to nothing which would make it impossible for Germany at the last moment to enter the league when she presented herself at its doors."

Sir Austin said he had watched the progress of the international conference regarding the enlargement of the league with grave anxiety and that the more extreme forms of the controversy represented the minds of nations, one might take a gloomy view of the situation. He was encouraged to hope, however, for better things from moderation of statements of representatives of the nations most closely concerned, whether German, French, Belgian or Polish.

Urge Reduction Of Canada's Gold Reserve

Could Be Profitably Cut By \$50,000,000

Says Royal Bank Economist

Toronto.—Reasons why Canada should lose no time in returning to a gold standard and why the Dominion should authorize a reduction of the country's gold reserve were presented by D. M. Marlin, economist of the Royal Bank of Canada, in an address delivered before the commercial department of the University of Toronto.

By keeping the Canadian gold reserve at its present level, Mr. Marlin estimates about \$250,000,000 annually is being lost in interest. The present total holdings of \$250,000,000, he said, may well be reduced by \$50,000,000 and this reduction used to reduce foreign debts.

"There is increasing competition between various parts of the British Empire for British capital, British immigration and British interest," said Mr. Marlin. "Capital is undoubtedly conservative and for years to come it will prefer countries which are definitely on a gold basis."

Making Use Of Ice Bridge

Two Alien Runners Captured By Niagara Falls, N.Y.—Alien runners

are alleged to be using the ice bridge below the falls as an avenue to bring aliens into this country from Canada.

Three men crossed the bridge only to fall into the hands of the border patrol when they climbed the Jagger from the bottom to the top of the gorge bank, a distance of 200 feet.

One man escaped and descended the Jagger, re-crossing the ice jam to Canada as the border patrol men sent a volley of bullets at him.

He is reported to have reached the Canadian side safely.

To Safeguard Motorists

Winnipeg.—The "stop, look, listen" warning which motorists are familiar with, may be incorporated in a provincial law. A private members bill was introduced in the legislature to make it compulsory for motorists to stop their cars before crossing tracks at level crossings. Penalties are provided for the motorist who violates the statute.

Conservative Leader Resigns

Saskatoon, Sask.—Dr. J. T. McAnderson, M.L.A. for Saskatoon City and leader of the Conservative party in this province, announced that his resignation from the party leadership had been in the hands of the executive of the Saskatchewan Conservative Association "for months." He was quitting the leadership to enter business, he said.

Executed By Ned

London.—Ethiopian spikes on February 18, have been executed, their appeals for clemency having been denied. They were accused of plotting against the state and operation in conjunction with British and Ethiopian intelligence agencies.

English railways employ nearly 1,800 women as switchmen, crossing-signalmen, porters, palaniers, yardmen and station agents.

Post Visits Winter Carnival

Bliss Carman, the famous Canadian poet, not only loves to sing the praises of the mountains, the wide open space, the soft beautiful snow, but also loves to live the life he sings about so well. Recently he donned the apparel of the men of the west, and attire in comfortable moccasins and woolen socks tramped about to his heart's content in the vicinity of Banff. One day he took a sixteen-mile trip to one of the lakes in the clouds. The famous Canadian poet is here seen with the queen of the Banff Winter Carnival.

Bliss Carman, the famous Canadian poet, not only loves to sing the

This advertisement is not inserted by the Alberta Liquor Control Board or the Government of the Province of Alberta.

Items of Local and General Interest

John Hall, local vendor, has returned from a visit to Edmonton.

Mr. E. Elliott has returned from Calgary, where he attended the K. P. grand lodge as Blairstmore's representative.

Mr. Frank Guimeau, cousin of Mrs. L. Dutil, came down from Cranbrook to attend the funeral of the late Mr. L. Dutil on Wednesday.

Mr. Frank Whealey, who has been attending meetings of the Alberta Coal Commission at Edmonton, returned to town on Monday.

The day's worst joke is: When a man gets hysterics on varnish or embalming fluid, it may be said he is the victim of a subito-toot.

When a man begins to feel sorry for himself the undertaker commences to dust off his casket. He knows the earliest symptoms of a dead uno.

Constable Pattle, for some time connected with the Blairstmore detachment of the A. P. Police has been transferred to Rocky Mountain House.

S. Y. Taylor, grand secretary of the Grand Lodge of Alberta, A. F. & A. M., has been confined to the Holy Cross hospital at Calgary with inflammatory rheumatism.

The city council of Fernie has loaned the sum of \$1000 to the Children's Swimming Pool Committee and the committee expects to be able to pay the amount back by July 1st.

Poor Agnes, at Ottawa, has been obliged to make official denial of the rumor that she is engaged. The mere thought of the matter is expected to shorten her life by several days.

Somebody says there are three thousand books on salesmanship, but a grouch might read them all and still be a lemon in the garden of trade, unless he learned how to thaw out and smile.

Inspector Forster, accompanied by auditor Binns, of the Liquor Control department, were in town the early part of the week. Mr. Forster is dispensing relief to extremely needy cases throughout the district.

Probably the earliest record for garden planting in the history of the province was recorded last week at Magrath, according to the Lethbridge Herald, when Fred Blumel planted vegetables in his garden there.

During the recent municipal election campaign in Blairstmore, one of the candidates was overheard to remark to a friend: "Now, my friend, when you vote you don't want to vote for a pig in a poke; you want to vote for me, and get the genuine article."

R. Peresini, wife and child left here by Saturday morning's train for Powell River, B.C., where Mr. Peresini has secured a position. On leaving Mr. Peresini desired through The Enterprise to thank his many friends, including the business men of Blairstmore, for kindness shown himself and family during their years of residence here.

Last week we referred to Mr. Chappell registering a dissenting vote on the question of appointing a new secretary-treasurer for the school district. We should have gone further to state that Mr. Chappell was instrumental in having the affairs of the school separated from town a few years ago when Mr. Wright received the appointment of secretary by the town council. Upon the assumption of that office by Mr. Kelly, Mr. Chappell was favorable to the consolidation of the two again and fully realized that such a consolidation at this time would result in a considerable saving to the ratepayers of the school district.

Mr. W. Thomas attended the fiftieth telephone anniversary at Lethbridge yesterday.

Cecil Kendall Bone, a witness in the trial of Kid Burns, is to stand trial for perjury.

Mervyn Evans left on Tuesday morning's train for Idaho, where he will join his sister.

Messrs. K. G. Craig and J. S. Stevenson have returned from a business visit to Calgary.

The regular meeting of the town council will take place on Monday night at 8 o'clock.

Mr. C. V. Mitchell and family, of Beaver Mines, leave in a few days for Vancouver, where they will in future reside.

Mr. Wilfred Dutil, who had been attending Alberta University, returned home Tuesday morning to attend the funeral of his father.

Mrs. Robert Gray has returned from Calgary, where she attended the annual convention of the Pythian Sisters' grand lodge of Alberta.

A flag was flown from the local telephone exchange yesterday, in honor of the fiftieth anniversary of the telephone system of communication.

Mr. L. P. Robert received word on Wednesday, apprising him of the death of his mother, and left for the Central States last night, to be present at the funeral.

Misses Vivian J. Keith and Jeanne Gallay, formerly of the Blairstmore teaching staff, have taken up positions with Calgary schools, the former in charge of the Manchester school.

Miss Edna M. Fulton left by this morning's train for Portland, Oregon, to take a six months' course in the Marinello school of cosmeticians. Miss Fulton was joined here by Miss Kennedy for the same point.

At a special meeting of the Blairstmore School Board on Tuesday afternoon, Mr. W. H. Chappell was elected chairman pro tem. It is not decided yet whether an election will be held to fill the vacancy on the board caused by the death of Mr. L. Dutil.

The seventh of the series of whist drives held under the auspices of Greenhill Temple No. 10, Pythian Sisters, will be held in the Lodge Hall on Wednesday, March 17th. Special prizes and novelty dance to commemorate St. Patrick's Day. Everybody welcome.

Mr. R. T. Johnson, who has been ill at his home in Bellevue for close on two months, and who had been mending slowly, suffered a relapse last week end and had to return to his bed. As we go to press we are pleased to learn that his condition is now improving.

Another big dance will be put on by the social committee of the local I.O.O.F. Lodge in the Lodge Hall on Wednesday, March 24th. The specials for this night will be novelty dances, for which prizes will be awarded. Dancing will commence at 9 o'clock and a good supper served at midnight. Keep this date open as a good time is assured.

The whist drive and dance held in the Lodge Hall last night by the members of Crowfoot Rebekah Lodge was the usual big success. Eighteen tables were in play and the winners of the six prizes were as follows:

Ladies' first, Mrs. H. Patterson; second, Mrs. W. J. Evans; consolation, Miss Jean Kemp. Gent's first, Fred Anderson; second, John Rae; consolation, Ed. Thibodeau. After refreshments were served, dancing was indulged in until 2 a.m., everybody reporting a good time.

Mrs. Joseph McDougall was operated on a few days ago for appendicitis and is reported doing well.

Fred MacKay, our star hockeystick, was called to Medicine Hat on Tuesday, owing to the serious illness of his mother.

Miss Sybil Kenmire, of Pincher Creek, was awarded second prize in one of the contests of the Federal School of Illustrating and Cartooning of Minneapolis.

Mrs. J. Wolstenholme, Mrs. E. Elliott, Mrs. A. Shearer and Mrs. W. Lord attended the annual convention of the Grand Temple of Pythian Sisters of Alberta at Calgary this week.

The many local friends of Mr. G. Mackie were glad to meet him on Friday last. Mackie was a side-kicker of Oliver Reinikka and Billie Turner on the Blairstmore team a few years ago and is still going strong with Cammava.

Mr. H. P. Thoreson, formerly of the Blairstmore teaching staff, who for the past couple of months has been substituting during the illness of the principal of Vegreville school, has accepted a permanent position at Rocheford Bridge.

An icicle that fell from the roof of one of the mills of the Newmarket Manufacturing Company, at Newmarket, N.H., and struck one of its employees, cost the company \$9,141.65, when the jury awarded Antonio Ziedis that amount.

At the annual session of the Canadian Institute of Mining and Metallurgy held in Montreal last week, Mr. Lewis Stockett, general superintendent at Calgary for the coal mines branch of the natural resources department of the C.P.R., was elected president.

As mice are very annoying and destructive, the best remedy is to cover your shelves with common tarred paper, the kind that is used for roofing purposes. By laying soiled sheets on top of this your troubles with mice will have come to an end. Renew the tarred paper frequently.

Sir John Martin-Harvey, at the close of a three-day appearance in Calgary in "The Only Way" and "Gavrik," announced that he and popular troupe were not bidding Alberta farewell, but simply an revolver and that in the course of a few months they would return with a larger troupe and one of the best plays ever staged in the continent.

Constable E. E. Marjorison is leaving the police force in March, probably about the 10th of the month. Mr. Marjorison has served seven years now on the A.P.P. force, and retires with a cash pension of more than \$1000. His services have been efficient and much appreciated by the townspeople here and also by the provincial officials. Constable Reid, of Lethbridge, has received the appointment at Cardston—Cardston News.

Another big dance will be put on by the social committee of the local I.O.O.F. Lodge in the Lodge Hall on Wednesday, March 24th. The specials for this night will be novelty dances, for which prizes will be awarded. Dancing will commence at 9 o'clock and a good supper served at midnight. Keep this date open as a good time is assured.

The whist drive and dance held in the Lodge Hall last night by the members of Crowfoot Rebekah Lodge was the usual big success. Eighteen tables were in play and the winners of the six prizes were as follows:

Ladies' first, Mrs. H. Patterson; second, Mrs. W. J. Evans; consolation, Miss Jean Kemp. Gent's first, Fred Anderson; second, John Rae; consolation, Ed. Thibodeau. After refreshments were served, dancing was indulged in until 2 a.m., everybody reporting a good time.

NOTICE

I am instructed to collect all government tools lately used for river work in Blairstmore. All persons having any such tools in their possession will take this as a final notice to deliver them to me at the Town Hall, Blairstmore, at once.

JOHN SPENCE,
Chief of Police.

Applications Wanted For TOWN SOLICITOR

Applications for the position of Town Solicitor to the Town of Blairstmore for a period of one year will be considered by the Mayor and Council at its first regular meeting to be held after March 1, 1926. Applicants will please state salary and other terms.

A. J. McLean,
Secretary-Treasurer,
Town of Blairstmore.

Mrs. Mary Large, one of the pioneers of the town and village of Blairstmore, passed away on Sunday last at the ripe old age of seventy-one, following an illness of several months. Mrs. Large leaves one son, Eugene, residing in Blairstmore. Interment took place in Blairstmore on Tuesday forenoon, following a service held at St. Anne's Catholic church.
